Summary:

The attached resolution authorizes the City Manager to approve a supplemental agreement for consultant services to provide additional leadership and management development training for the Development Services Department, a key component for the effective transition of new managers.

Committee/Commission Action: None

Background Information:

In November 2003, the department contracted with Mason-Smith Success Strategies to conduct interdepartmental team building. Subsequently, three separate workshops were held to:

- provide opportunities for discussion and input by staff of ways to improve the development system
- identify common mission and goals
- understand the Development Oversight Commission's (DOC) relationship to the department and its purpose, goals and progress
- understand and respect the purpose, structure and functions of all divisions within the department and our relationship with our partners in other City departments
- identify next steps in the organizational process

In June 2005, the department contracted with Mason-Smith Success Strategies to provide leadership and management development. Approximately halfway through the training, it became apparent that, due to recent appointments of management and supervisory staff and restructuring of part of the department, additional training would be needed. This additional leadership and management development training will build on the accomplishments of the workshops and provide training for the successful transition of the management and leadership staff to a cohesive, dynamic team.

Financial Considerations:

Sufficient funds exist for this supplement in the DOC's budget: Fund 258, Organization Q301.

Environmental Considerations:

There are no environmental considerations associated with this report.

Policy Considerations:

This request to adopt the attached resolution is in accordance with the policy recommended by the Mayor's Commission to contract out workload that cannot be performed by City employees. It is also in accordance with policy requiring City Council approval of all contracts exceeding \$100,000.

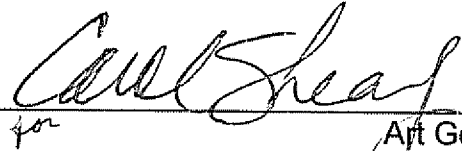

Emerging Small Business Development (ESBD):

Mason-Smith Success Strategies is currently certified with the City of Sacramento as a small business.
