COMMITTEE/COMMISSION ACTION

None.

BACKGROUND INFORMATION

Drainage Basin 31 contains several low-lying areas that have a tendency to flood during intense rainfall events. This project will relieve this local flooding by providing an overflow structure. When the drainage system of Basin 31 surcharges, the above capacity flows will be diverted to Basin 101 through the proposed drainage pipeline.

The bids received on June 19, 1996, were:

1.	Navajo Pipelines	\$348,368
2.	Sierra National Construction, Inc.	\$354,615
3.	Daniel Ontiveros Construction Company Inc.	\$356,369
4.	Spinella Heer Construction, Inc.	\$367,090
5.	Syblon-Reid Construction Co.	\$384,350
6.	JJM Engineering Constructors	\$388,551
7.	RGW Construction	\$391,550
8.	Copenhagen Utilities and Construction, Inc.	\$412,475

ENVIRONMENTAL DETERMINATION

The Environmental Services Division has determined that this project is categorically exempt pursuant to Section Number 15302© of the California Environmental Quality Act.

FINANCIAL CONSIDERATIONS

Based on the low bid of \$348,368 the estimated total project cost is \$465,000. As of July 1, 1996, the unobligated balance in the project (425-500-WF91-4820) will be \$500,000.

POLICY CONSIDERATIONS

This action is in conformance with City Code Title 58, Chapter 58.03.304 which provides that the City Council may award competitively bid contracts to the lowest responsible bidder or reject all bids.

MBE/WBE

This project included participation goals of 10.75% MBE and 9.5% WBE as required by Resolution 93-619, relating to MBE/WBE participation goals and policies, adopted by the City Council on November 2, 1993. Award of the project is contingent upon the responsive low bidder either meeting these project MBE/WBE participation goals or making documented good faith efforts towards meeting the project goals.

Plans and specifications were sent to eight (8) plan rooms and construction services organizations for publication and use by the construction industry of Northern California. There are four (4) organizations on the distribution list that are directly involved with the outreach to MBE/WBE contractors.

Other outreach efforts to MBE/WBE for this project included:

- Provide notice of this project to three (3) minority chambers of commerce and three (3) minority and women community organizations directly involved with the outreach to MBE/WBEs.
