

**CITY OF SACRAMENTO
DEPARTMENT OF PLANNING & DEVELOPMENT
ZONING ADMINISTRATOR
1231 I Street, Sacramento, CA 95814**

ACTION OF THE ZONING ADMINISTRATOR

On Wednesday, November 6, 1996, the Zoning Administrator approved with conditions a variance to allow a porch addition to an existing apartment complex for the project known as Z96-128. Findings of Fact and conditions of approval for the project are listed on pages 3-4. The Zoning Administrator also approved a parcel merger by adopting the attached resolution (ZA96-025).

Project Information

- Request: 1. Zoning Administrator Variance to reduce the required front yard setback from 25 feet to 10.3 feet (15 foot existing setback) to add front porches for two apartment buildings totaling 5,136 square feet on 0.28_± developed acres in the Multi-Family (R-2A) zone.
2. Zoning Administrator Parcel Merger to merge two parcels into one parcel.

Location: 3649 and 3651 2nd Avenue (D5, Area 3)

Assessor's Parcel Number: 010-324-011, 012

Applicant: Sacramento Housing and Redevelopment Agency (Kevin Odell)
 630 I Street
 Sacramento, CA 95814

Property Same as Applicant
Owner:

General Plan Designation: Medium Density Residential (16-29 du/na)
Existing Land Use of Site: Vacant Apartment Complex
Existing Zoning of Site: Multi-Family (R-2A)

Surrounding Land Use and Zoning:	Setbacks	Required	Existing	Proposed
North: R-4; Vacant	Front:	25'	15.3'	10.3'
South: R-2A; Single Family Residence	Side(E.):	25'	5'	5'
East: R-1; Single Family Residence	Side(W.):	5'	5'	5'
West: R-2A; Apartments	Rear:	5'	23'	23'

Property Dimensions: 80 feet x 150 feet
 Property Area: 0.28± acres
 Square Footage of Buildings: Existing apartments- 11,000 square feet
 Height of Building: Existing Apartments- Two Stories, 22 feet
 Exterior Building Materials: Stucco/Brick
 Roof Materials: Composition Shingles
 Topography: Flat
 Street Improvements: Existing
 Utilities: Existing

Project Plans: See Exhibits A-G

Legal Description: See Exhibit B

Previous Files: None

Additional Information: The applicant is requesting to merge two parcels into one parcel. An apartment building is located on each parcel. The apartment buildings are in a state of disrepair and the Sacramento Housing and Redevelopment Agency (applicant) is currently rehabilitating the structures. As part of the remodeling process the applicant proposes to create a courtyard between the two apartment complexes. The Zoning Ordinance and Building Code do not permit structures to cross property lines and requires parking to be provided on-site.

The applicant also plans to add front porches to the southern facing apartments along 2nd Avenue. The porch addition will encroach into the existing front yard setback five feet. The applicant is requesting a variance to the front yard setback requirement.

The project is within the Oak Park RAC area and the RAC approved the project through the Design Review Process. The project has been noticed and staff has not received any calls. The project is in the Oak Park Design Review area and the applicant has received Design Review staff approval for the project (DR96-239).

Agency Comments

The proposed project has been reviewed by the City Utilities Department, the Building Division, and the Public Works - Transportation and Engineering Planning Divisions. The comments received pertaining to the lot line adjustment have been included as conditions in the attached resolution.

Environmental Determination: This project will not have a significant effect on the environment and is exempt from environmental review pursuant to State EIR Guidelines {California Environmental Quality Act, Sections 15303(e) and 15305(a)}.

Conditions of Approval

1. There shall be no further expansion of the apartment complex into the front setback area.
2. Size and location of the porch additions shall conform to the plans submitted.
3. The applicant shall obtain all necessary building permits prior to commencing construction.
4. The applicant shall complete the paperwork and pay all fees for the Parcel Merger prior to obtaining building permits.
5. Stairways shall not encroach into any existing easements without written consent from the owner's of each easement.

Findings of Fact:

1. The proposed project, as conditioned, is based upon sound principles of land use in that the proposed porch addition will not substantially alter the characteristics of the site or the surrounding neighborhood.
2. Granting the variance does not constitute a special privilege extended to an individual applicant in that a variance would be and has been granted to other property owners facing similar circumstances.
3. Granting the variance request does not constitute a use variance in that the porches are permitted on apartments in the Multi-Family (R-2A) zone.
4. Granting the request will not be injurious to public health, safety, or welfare nor result in a nuisance in that:
 - a. there will be adequate front yard area;
 - b. the proposed porch additions will not substantially alter the characteristics of the site or the surrounding neighborhood; and
 - c. the existing apartment complex was originally constructed with a less than required front setback.

5. The project is consistent with the General Plan which designates the subject site as Medium Density Residential (16-29 du/na).

Joy D. Patterson

Joy D. Patterson
Zoning Administrator

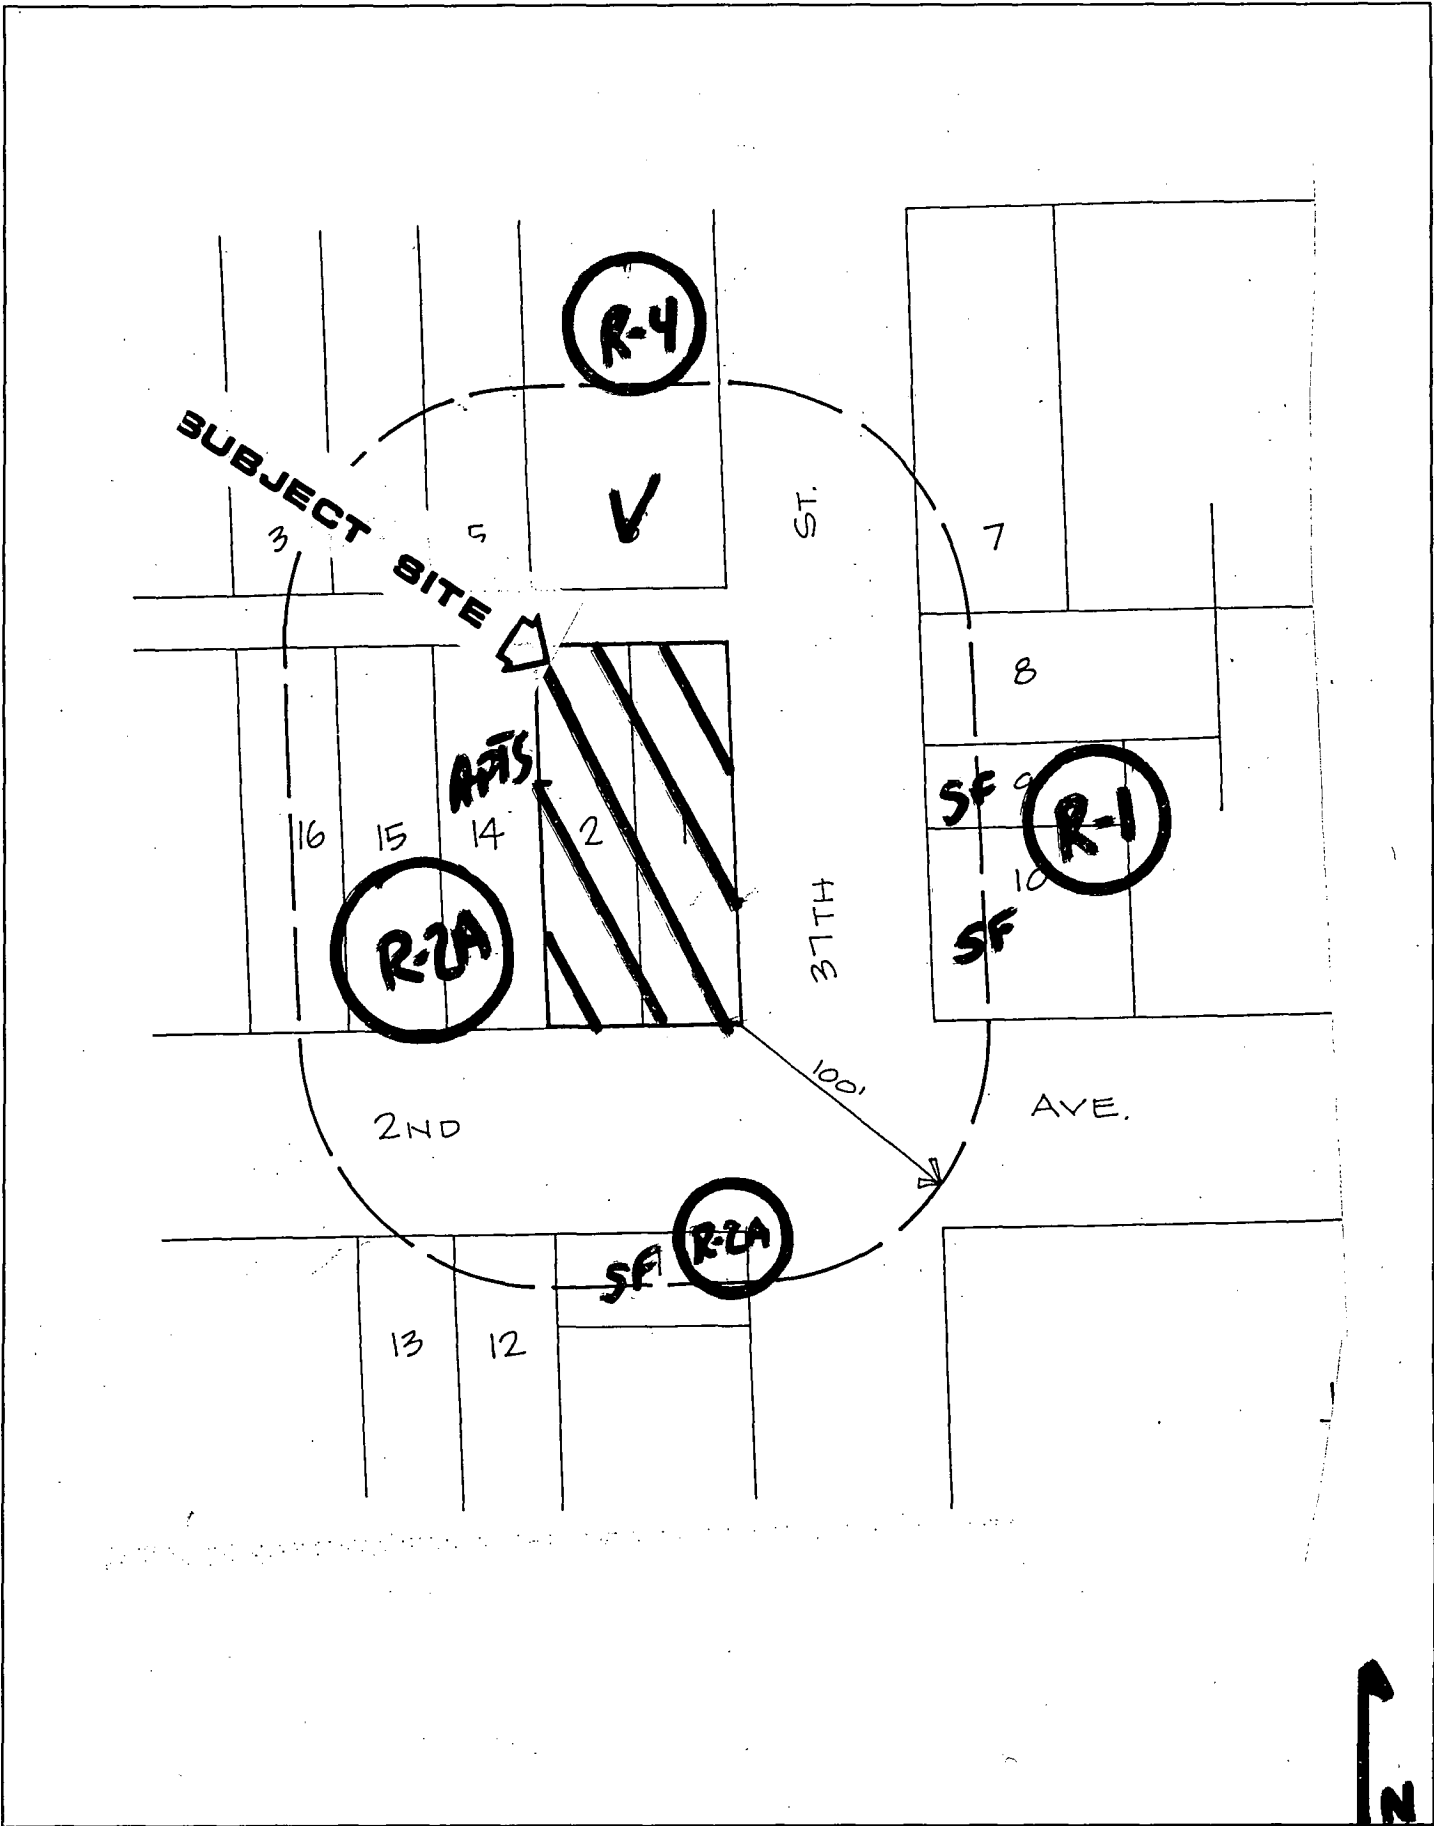

A use for which a Variance is granted must be established within two years after such permit is approved. If such use is not so established the Variance shall be deemed to have expired and shall be null and void. A Variance which requires a Building Permit shall be deemed established when such Building Permit is secured and construction thereunder physically commenced. If no building permit is required, the use shall be deemed established when the activity permitted has been commenced.

The decision of the Zoning Administrator may be appealed to the Planning Commission. An appeal must be filed within 10 days of the Zoning Administrator's hearing. If an appeal is not filed, the action of the Zoning Administrator is final.
