Honorable Members in Session:

SUBJECT: Augmentation of Proposed FY 1986-87 Budget of the Department of Parks and Community Services

SUMMARY

This report recommends augmenting the proposed FY 1986-87 budget of the Recreation Division of the Department of Parks and Community Services for the purpose of operating two additional Latchkey Program sites. No City funds are requested.

BACKGROUND INFORMATION

Since the submittal of the proposed FY 1986-87 budget, the Recreation Division of the Department of Parks and Community Services has been asked by the Sacramento City Unified School District to operate two additional Latchkey (extended day care) program sites at school locations - Caroline Wenzel and Marian Anderson. These two sites will bring to 13 the total number of school sites to be operated during the new fiscal year.

All of these sites will be funded by a combination of a state grant and parent participation fees. These two new sites will primarily serve parent paid participants but eligible children at each site will be able to be subsidized under the grant funding received from the State. Each of the sites will provide year-round school-aged child care programs with state licensed staff to operate the programs.

Currently, job classifications are being developed by the Personnel Department for the program. On an interim basis, the Staff Aide classification is being utilized.

FINANCIAL DATA

No City funds are requested. The total estimated costs of \$107,632 will be entirely offset by participant fees.

This augmentation request for the proposed FY 1986-87 Recreation Division budget will require the addition of 5.10 FTE positions as follows:

- Staff Aide - 1.0 FTE Child Care Specialist II - Two positions each

- Staff Aide - .75 FTE Child Care Aides - - - - - Two positions each
