Staff Report  
**February 27, 2007**

**Honorable Mayor and  
Members of the City Council**

**Title:** The Annual Internal Audit Workplan for Calendar Year 2007

**Location/Council District:** City-wide

**Recommendation:** Adopt a **Resolution** approving the Annual Internal Audit Workplan for Calendar Year 2007. The City Auditor recommends approving the attached Workplan with the exception of removing the proposed audit of *The Mayor and City Council Discretionary Accounts Annual Report for Fiscal Year 2005/2006*.

**Contact:** Marty Kolkin, City Auditor, 808-5704

**Presenters:** Marty Kolkin, City Auditor, 808-5704

**Department:** City Manager

**Division:** Internal Audit

**Organization No:** 0310

### **Description/Analysis**

**Issue:** This report sets forth the City Auditor's proposed Annual Internal Audit Workplan for calendar year 2007. The proposed Workplan reflects the addition of a new Auditor, which was authorized by the Mayor and City Council on August 15, 2006. The number and scope of audits performed during the year is directly impacted by the number of auditors. The proposed 2007 Workplan reflects the Internal Audit division's increased capacity of an auditor. A senior auditor position will be proposed during the fiscal 2008/2009 budget cycle for increased audit capacity.

Due to resource limitations, the City Auditor recommends examining the Mayor and City Council Discretionary Accounts on a biennial basis. Both years of discretionary spending will still be examined, but audit fieldwork will occur only once every other year, beginning in the following calendar year.

**Policy Considerations:** The City Auditor's presentation of the Annual Internal Audit Workplan is consistent with the Mayor and City Council's intent to have an internal audit function for the City of Sacramento.

**Environmental Considerations:** The request for award of this agreement is not subject to the provisions of the California Environmental Quality Act (CEQA) under the general rule (Section 15061(b)(3)) that CEQA applies only to projects that have the potential for causing a significant effect on the environment.

**Rationale for Recommendation:** This staff report also provides the Mayor and City Council with an opportunity to accept the proposed Workplan or to provide comments and feedback for modification of scheduled internal audits for calendar year 2007.

**Financial Considerations:** No additional financial considerations

**Emerging Small Business Development (ESBD):** No goods or services are being purchased as a result of this agreement.

Respectfully Submitted by:   
Martin Kolkin  
City Auditor

Recommendation Approved:

  
Ray Kerridge  
City Manager

**Background Information:** The City Auditor functions as an objective evaluator of the effectiveness of all City activities, operations, services and programs, ensuring compliance with organizational policies and procedures, state statutes, and federal regulations. The City Auditor reports to the City Manager, with access to the Mayor and City Council.

The City Auditor maintains organizational and operational independence from all other departments within the City. The results of all completed audits are required to be formally presented to the City Manager and the Mayor and City Council.

**Procedures:** The City Manager's internal operating practices require the submission of an Annual Internal Audit Workplan for the Mayor and City Council's approval. The Annual Workplan contains the planned projects to be completed during the calendar year. Significant audit fieldwork cannot proceed without the authorization of the City Manager and the approval of a majority of the City Council.

Additionally, the Annual Workplan for 2007 has been changed from a fiscal year basis to a calendar year basis in order to provide separation from the Annual Operating Budget approval process. The separation of two activities provides an opportunity for the Mayor and City Council to review the Annual Internal Audit Workplan outside the tight time constraints of the Annual Operating Budget process.

**Responsibility:** The City Auditor is responsible for preparing the Annual Internal Audit Workplan for review and authorization by the City Manager and subsequent submission to the Mayor and City Council for approval.

**Work Process:** The approval of the Annual Internal Audit Workplan is a critical step in the audit process. Significant audit fieldwork cannot proceed without the review and authorization of the City Manager and approval of the Mayor and the City Council.

**Modifications and Changes:** The Annual Internal Audit Workplan is routinely modified as circumstances change throughout the year. However, changes will only be made at 1) the direction of the City Manager and the Mayor City Council or 2) following changes initiated by the City Auditor and subsequently authorized by the City Manager and approved by the Mayor and City Council.
