KITCHEN, BATHROOM, AND UTILITY ROOM REMODEL PERMITS

The following is the City of Sacramento questionnaire used for proposed single-family residential (R-3 occupancy type) kitchen, bathroom, and utility room remodel permits. The answers to these questions will determine if this remodel can be considered a "fast-track" (same day) over-the-counter permit or whether the City of Sacramento Building Division requires an additional review. Note that even with this form, floor plans of the remodeled areas, both before and after design and floor plan layouts will be required for any permit.

This form cannot be used if any one of the following is present: (1) this is an apartment or condominium building (R-1 occupancies); (2) if new or remodeled exterior walls are located less than 3 ft. from a property line; (3) if any separation wall between the garage and residence is altered; and (4) there shall be no new or repaired masonry fireplaces.

Further, if the intended scope of work changes during the course of construction to include any of these items or additional items not mentioned in this questionnaire (e.g.; bedroom remodel, living room remodel, etc.); revisions to this permit or entirely new permits must be obtained, with all applicable subsequent fees and fines to be paid accordingly. When in question, scope of work changes that constitute additional permit information will be determined by the City of Sacramento inspection staff.

PROJECT ADDRESS: 1440 35th Street DATE: 11/9/05

I have read and will comply with the items in this document and as marked on the plans.
