PUBLIC HEARING
May 27, 2008

**Honorable Mayor and
Members of the City Council**

Title: FY2008/09 Proposed Budget – Non-Department

Location/Council District: Citywide

Recommendation: Conduct a public hearing on the Fiscal Year 2008/09 (FY2008/09) Non-Department Budget and upon conclusion adopt an intent motion to approve the budget as proposed, with the exception of the funding proposed for the Library Joint Powers Authority (JPA).

Contact: Leyne Milstein, Budget Manager, 808-8491

Presenters: Leyne Milstein, Budget Manager

Department: Finance

Division: Budget Office

Organization No: 1140

Description/Analysis

Issue: This report provides information on the FY2008/09 proposed budget for the Non-Department budget. This budget includes funding for citywide obligations funded by a variety of funding sources including the General Fund, Enterprise Funds, and Special District Assessments. The Non-Department expenditure budget is presented in two distinct sections: the Debt Service Program and Other Program Support (Attachment 1).

The Non-Department budget also includes all major discretionary General Fund revenues (Attachment 2). These revenue sources represent 71% of the City's discretionary revenues, and these revenues are declining in FY2008/09 by nearly two percent when compared to the budget for the prior fiscal year.

The following table summarizes the estimated major revenue sources for FY2008/09 compared to the estimates of the current year revenues (dollars in thousands):

	Amended FY2007/08	Proposed FY2008/09	Difference	Percentage
Property Taxes	137,898	138,738	840	0.61%
Sales & Use Taxes	69,500	70,325	825	1.19%
Utility Users Tax	59,740	57,000	(2,740)	-4.59%
Other Taxes	23,401	19,350	(4,051)	-17.31%
Total	290,539	285,413	(5,126)	-1.76%

The largest reductions in the “Other Taxes” are in Transfer Taxes and Public Safety Sales Taxes. Transfer Taxes are estimated to decrease by \$3 million, a nearly 33% reduction from the prior year budget. Revenues associated with the Public Safety Sales Tax are estimated to decline by \$600,000, or 11% from the prior year.

From FY2003/04 through FY2005/06, the City experienced strong revenue growth as a result of the double digit growth in property values and the continued overall growth of the City. However, as demonstrated in the table above, the current reality is that City revenues have essentially ceased to grow.

Policy Considerations: The Non-Department expenditure budget consists of two major program areas, the Debt Service Program which includes funding for citywide long-term debt obligations, and Other Program Support which funds a number of citywide programs that are currently not allocated to specific departments or programs. It is important to note that the majority of the Non-Department budget is not discretionary in nature, specifically the City’s debt service obligations, general liability insurance costs, fees due to the County of Sacramento for property tax administration, fees due to the County for City parcels included in Property Improvement Districts, obligations related to retiree medical benefits, and contributions to the Sacramento City Employee Retirement System.

The Non-Department General Fund budget was reduced by \$2 million to assist with balancing the City’s budget. Discretionary funding for several of the City’s non-profit partners including the Sacramento Convention and Visitor’s Bureau, the Sacramento Arts Commission, the Sacramento Sports Commission and the Human Rights and Fair Housing Commission were reduced at total of \$332,000. In addition, the transfer of General Funds to the Convention Center Fund to pay debt services was eliminated, saving an additional \$1.7 million in the General Fund.

The Non-Department budget also includes the City’s General Fund contribution to the Library JPA, which was also reduced as part of the efforts to reduce the General Fund budget. However, the contribution to the Library will be presented and considered under a separate agenda item.

Environmental Considerations:

California Environmental Quality Act (CEQA): This report concerns administrative activities that will not have any significant effect on the environment, and that do not

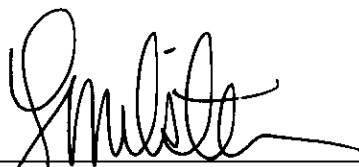

constitute a "project" as defined by the California Environmental Quality Act (CEQA) [CEQA Guidelines Sections 15061(b)(3); 15378(b)(2)].

Sustainability Considerations: None.

Rationale for Recommendation: Staff recommends that the City Council adopt an intent motion approving the Non-Department budget with the exception of the funding for the Library which will be presented as a separate agenda item.

Financial Considerations: The Proposed FY2008/09 Non-Department Budget, excluding the General Fund contribution to the Library JPA is \$123.9 million from all funding sources (\$86.1 million to fund the citywide Debt Service Program and \$37.8 million for Other Program Support). This includes \$54.6 million from the General Fund (\$27.1 million for the citywide Debt Service Program and \$27.5 million for Other Program Support). The Non-Department budget does not include any position funding.

Emerging Small Business Development (ESBD): None.

DEBT SERVICE

DESCRIPTION

The Debt Service Program finances the cost of capital improvements through General Obligation Bonds, Revenue Bonds, Certificates of Participation, Notes Payable or Advances from Other Funds. The debt service payments are made in annual installments. This budget contains all major General Fund debt service payments, however, some debt service payments appear in Department budgets.

OTHER PROGRAM SUPPORT

DESCRIPTION

This section contains programs that are not part of any Department's direct operating expenditures. Examples of the programs included in this section are: transit support, Utility User Tax rebates, General Fund insurance costs, payment of sick leave and vacation benefits to departing employees, retiree health benefits, Sacramento County charges to the City, support to Local Partners and uncollectible bills owed to the City.

General Insurance/Employee Services – This program pays for the General Fund costs of both (1) Comprehensive Auto and General Liability, Property, Crime, insurance consultant fees, and related self-insurance administration services, and (2) employee vacation and sick leave termination expenses. The termination payoffs are budgeted at an estimated level for the entire General Fund. At year end, funds are transferred from this activity to reimburse Departmental costs. It is also a placeholder for employee service costs that will be allocated to departments after budget approval.

Transit Support – The Transit Support Program includes support for Paratransit, Inc. (handicapped transportation).

Miscellaneous Contract Implementation – This budget covers the cost of retiree/beneficiary health and dental insurance premiums for approximately 2,000 retirees. The Proposed Budget also includes \$2.3 million for the General Fund portion of the City's contribution to the Sacramento City Employees Retirement System (SCERS), required to ensure the continued stability of the program.

Utility Users Tax Rebate Program – The Utility Users Tax Rebate (UUT) Program began in FY1977/78. This program had provided for city paid reimbursements for taxes paid. In FY2005/06 the rebate program was changed to provide for direct tax exemptions. Households with annual incomes under \$25,000 qualify for the tax exemption. The Utility Tax revenue estimates account for these exemptions.

Other Program Support – The City's Transient Occupancy Tax rate is currently 12%. The General Fund receives 2% of the 12% tax rate; the balance goes to the Community Center Fund. One percent of these proceeds and additional General Fund appropriations are used to support the Sacramento Convention and Visitor's Bureau and the Sacramento Metropolitan Arts Commission. Contributions to these partners have been reduced by \$274,000 as part of the FY2008/09 budget reduction efforts.

Support for Local Partners – The City contributes funds to support several local partners including the Sacramento Public Library Authority, the Human Rights Fair Housing Commission and seven Business Improvement District Programs.

- The City contributes General Fund support, in addition to funding provided by the voter approved Special Parcel Tax, to the Sacramento Public Library Authority (SPLA) to provide library services. SPLA provides library services through the Central Library and 10 branch libraries throughout the City. SPLA provides a broad range of services including: books, DVD and VHS videos, reference and information services, inter-branch and inter-library loans, youth and adult literacy, books-by-mail, ethno-cultural services, and special programming for children and adults. All library branches provide public access to computers and the Internet, including wireless Internet service. Materials in the collection are available in a number of languages and in several different media such as print and electronic. The catalog is available 24 hours a day via the Internet at www.saclibrary.org. Reservation and renewal of materials can be done on-line.

- City contribution for assessments for the Capitol Station, Downtown Sacramento, Del Paso Boulevard, Franklin Boulevard, Oak Park, Power Inn and Stockton Boulevard Business Improvement District programs total \$650,000 for FY2008/09.
- The City will contribute \$116,100 to the Human Rights Fair Housing Commission. This reflects a 20% reduction from the prior year contribution.

Other Major Tax Revenues – The Major Tax Revenues Program includes all discretionary tax revenues including Property Tax, Sales Tax, and Utility Users Tax.

Sacramento County Charges and Assessments – State law authorizes counties to charge other local government entities for the cost of assessing and collecting property tax revenues, and for property related assessments including flood control.

PROPOSED BUDGET/STAFFING CHANGES

Service Level Impacts

Sacramento Public Library

The City will be contributing \$8,704,585 in General Fund support to SPLA, a reduction of \$776,515 from the prior year. These reductions will result in the following service level impacts:

- The Library is planning to reduce operations from six days per week to five days per week in five (5) City library branches in light of this reduction, and rising labor and other contracted costs. The planned effort to absorb the funding reduction includes freezing four additional positions at the Central Library and five administrative positions.
- The City is partnering with SPLA to build and operate three new library branches. These new projects will be completed during the next two fiscal years, and the City plans to fund the operation of these branches at a five day per week service level through additional General Fund contribution.
- These actions ensure continued significant Library service in the City through about 17,800 service hours of planned library operation citywide in FY2008/09, while assisting the City to productively manage through the current economic downturn. Most Library programs will continue to be presented during the planned open hours.

RESERVES

DESCRIPTION

General Fund Reserves:

Reserve for Economic Uncertainty

- The Reserve for Economic Uncertainty was established in FY1983/84. The FY2006/07 year end balance was \$30 million. The FY2007/08 Approved budget included \$4.5 million of this reserve. In March 2008 Council authorized the use of \$7 million from the reserve to fund the Voluntary Separation Program and added \$11 million to the reserve from the proceeds of the sale of the Sheraton Hotel and Parking Structure. The Proposed Budget includes the use of \$19 million of this reserve. The remaining balance in the Economic Uncertainty Reserve will be \$10.5 million.

Administrative Contingency

- Administrative Contingency may be used during the course of the year to augment other budgets for new programs or unforeseen expenses. The Administrative Contingency is \$1 million.

Release of Reserves

- In addition to the \$19 million Economic Uncertainty Reserve release outlined above, the FY2008/09 Proposed Budget includes the release of \$1.08 million from the Advanced Life Support fund balance for the purchase of vehicles and defibrillators.

All Other Fund Balances

- Remaining balances of enterprise funds, special revenue funds, and internal service funds total \$189.9 million and are listed individually in this document in Schedule 2 - Detail of 2008/09 Revenues, Appropriations, and Changes in Fund Balances. The available balance of special revenue and enterprise funds may only be used for the specific purpose of the individual fund.

Other Sources and Uses

Community Reinvestment Capital Improvement Program (CRCIP):

- Pursuant to City Council authorization, utilize CRCIP interest earnings to pay debt service on bridge loans to community partners (\$0.89 million).
