## Description/Analysis

**Issue Detail:** In November 2018, Sacramento city voters approved Measure K, which was placed on the ballot by the city council. Measure K, also known as the Sacramento City Government Accountability and Efficiency Act, established the city auditor as an officer under the Sacramento City Charter. It also combined the offices and duties of the city auditor and independent budget analyst into one office, to consolidate functions and provide the city auditor more robust resources.

Measure K also superseded certain provisions of the Sacramento City Code relating to the city auditor and independent budget analyst, while enshrining their core functions in the charter, independently assessing and reporting on city operations and services, and assisting the council in the conduct of budgetary inquiries and in the making of budgetary decisions. The measure provided a time to transition between the city auditor appointed under the Sacramento City Code, and the installation of a city auditor as a charter officer, by making the auditor-related charter amendments effective July 1, 2019.

The draft ordinance presented for consideration was constructed from the following building blocks: (1) the express language of new charter section 77 [see Attachment 3]; (2) the current city code chapter covering the city auditor's office (chapter 2.18); and (3) the independent budget analyst's duties under former city code section 2.33.040 [see Attachment 4], which was deleted as a result of Measure K.

The draft ordinance amends chapter 2.18 by augmenting and clarifying the city auditor's functions, while also adding in former independent budget analyst duties. Below is a description of each new or modified section, or subsection, in the proposed amended chapter 2.18.

**2.18.010** Subsection A reiterates the purposes of the charter as set forth in section 77(a).

**2.18.030** Subsection A: the auditor would like the annual work-plan date changed to better align with office practice and the city's budget cycle. "Audit plan" is changed to "work plan," as now the auditor will do more than just audits.

Subsection B: a specific auditing standard is added to reflect the standards applicable to the auditing profession.

Subsection C: it is standard practice for government auditors to have periodic peer reviews, and this new subsection will ensure the council receives regular reports on those reviews.

**2.18.040** Subsection B is added to reflect current practice.

**2.18.050** The current city code does not describe the auditor's duties or functions. However, charter section 77 states the auditor's duties will be as described by ordinance, so the duties are listed in this entirely new section.

Subsection A: this subsection reflects the performance-audit functions currently exercised by the city auditor. These are based upon the model legislation drafted by the Association of Local Government Auditors.

Subsection B: under state law and council resolution, the auditor manages the city's whistleblower hotline.

Subsection C: this list is taken almost verbatim from the former independent budget analyst duties listed in chapter 2.33 [see Attachment 4], excepting two items from that list as a result of the city auditor's conversations with councilmembers during his tenure as the interim budget analyst, and some minor language changes.

Subsection D: this subsection ensures council receives information and recommendations resulting from the city auditor's work, and reflects current practice.

Subsection E: the restriction on auditing councilmembers' offices is being carried over from the current code. Only a councilmember can request an audit of that councilmember's own office. If such a request is made, this subsection ensures an outside auditor will investigate, so that the city auditor can maintain independence and avoid real or perceived conflicts of interest.

**2.18.060** Subsection B: the city auditor would like to ensure the city is being treated fairly by those who conduct business with the city. This would provide that contractors would be subject to audit, if a contract so provides.

**2.18.070** Minor language change for better reading.

**Policy Considerations:** Independent auditing, research, and budget analysis can provide objective information on the operations and cost-benefit analysis of government

programs; assist managers in carrying out their responsibilities; inform better decision-making by elected officials; and help ensure full accountability to the public. The draft ordinance, which flows from the language in charter section 77, sets clear duties for the city auditor.

**Economic Impacts:** None.

**Environmental Considerations:** None.

**Sustainability:** None.

**Commission/Committee Action:** On May 14, 2019, the Law and Legislation Committee passed a motion (4-0) to forward the ordinance to the city council.

**Rationale for Recommendation:** In November 2018, the voters approved an amendment to the Sacramento City Charter, establishing the city auditor as a charter officer. New charter section 77 provides that the city auditor shall have certain powers and duties, including those as may be prescribed by Council, and that the city auditor shall discharge the duties of the office as prescribed by ordinance. The proposed ordinance would implement these charter provisions.

**Financial Considerations:** Not applicable.

**Local Business Enterprise (LBE):** Not applicable.

## RESOLUTION NO. 2018-0317

Adopted by the Sacramento City Council

July 31, 2018

### Approving Ballot Measure Text to be Submitted to the Voters in a Question Relating to Sacramento City Charter Amendment to be Included with the Consolidated General Municipal Election of November 6, 2018

#### BACKGROUND

- A. The City of Sacramento values transparency, accountability, and informed decision-making. Its residents support the function of an independent internal auditor's office and would like to ensure its continued operation for the foreseeable future.
- B. The office of the city auditor is a council creation by virtue of Ordinance 2009-031, which added chapter 2.18 to the city code. With five votes, the council can at any time delete chapter 2.18 of the city code and eliminate the office of the city auditor. If the city auditor position is established in the charter, the council could no longer eliminate the office of the city auditor by a vote of the council.
- C. Combining the duties of the city auditor's office and independent budget analyst's office results in greater government efficiency and accountability.

#### BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

Section 1: That the City Council approves for submittal to the voters at the November 6, 2018 General Municipal Election the measure attached hereto as Exhibit A, along with the following question:

#### Measure \_\_ - Sacramento City Government Accountability and Efficiency Act

## Sacramento City Government Accountability and Efficiency Act

### Section 1. Title, Findings, and Purpose.

#### A. Title.

This charter amendment and city code repeal is titled and may be cited as the “Sacramento City Government Accountability and Efficiency Act” (hereinafter, the “Act”).

#### B. Findings.

1. The City of Sacramento values transparency, accountability, and informed decision-making. Its residents support the function of an independent internal auditor’s office and would like to ensure its continued operation for the foreseeable future.
2. Since its first audits in 2010, the city auditor’s office has provided vital oversight, accountability, and information to the public, which has generated substantial cost savings and improved the delivery of vital city services.
3. Sacramento’s citizens and municipal management want and need to know not only whether city funds are handled properly in compliance with laws and regulations, but also whether public programs are achieving their intended purposes efficiently, effectively, and equitably.
4. Independent auditing, research, and budget analysis can provide objective information on the operations and cost-benefit analysis of government programs; assist managers in carrying out their responsibilities; inform better decision-making by elected officials; and help ensure full accountability to the public.
5. The city auditor’s whistleblower-hotline-generated investigations have detected, deterred, and resolved reported instances of fraud, waste, and abuse.
6. Recognized government auditing standards provide a framework for improved government decision-making, oversight, risk management, and accountability.
7. Combining the duties of the city auditor’s office and independent budget analyst’s office – as they existed before the adoption of this Act – results in greater government efficiency and accountability.

8. Amending the charter to grant greater flexibility to schedule regular council meetings will allow the city council to better respond to community issues.

C. Purpose and Effect.

Under current law, the city auditor is an officer established by ordinance. The city council can, by ordinance, eliminate the office of the city auditor. To help preserve city-government accountability achieved through the work of the city auditor, this Act establishes the city auditor as an officer under the Sacramento City Charter. It also combines the offices and duties of the current city auditor and independent budget analyst into one office, to consolidate functions and provide the city auditor more robust resources. Once established under the charter, the city auditor's office could no longer be eliminated by the city council.

This Act also supersedes provisions of the Sacramento City Code relating to the city auditor and independent budget analyst, while enshrining their core functions in the charter: independently assessing and reporting on city operations and services; and assisting the council in the conduct of budgetary inquiries and in the making of budgetary decisions.

This Act provides a time to transition between the city auditor appointed under the Sacramento City Code and the installation of a city auditor as a charter officer.

Under current law the charter specifies that the city council hold meetings after 5:00 PM weekly, except for four weeks as designated. This Act would authorize the council to set its annual meeting schedule by resolution, require that a majority of the regular council meetings be held after 5:00 PM, and require that all city council meetings comply with the Brown Act.

**Section 2.** Section 70 of the Sacramento City Charter is amended to read as follows:

**§ 70 Appointive officers.**

The following other city officers shall be appointed by the city council:

- (a) City Clerk;
- (b) City Attorney;
- (c) City Treasurer;
- (d) City Auditor; and

- (e) Such other officers and employees of its own body as it deems necessary.

**Section 3.** Section 77 is added to the Sacramento City Charter to read as follows:

**§ 77 City Auditor.**

- (a) The city council shall appoint a city auditor and shall prescribe the qualifications, duties, and compensation of such officer. The city auditor shall independently assess and report on city operations and services; shall assist the council in the conduct of budgetary inquiries and in the making of budgetary decisions; and shall have such other powers and duties as may be prescribed by state law and by ordinance or resolution of the city council. The city auditor shall appoint all other members of the city auditor's office.
- (b) The city auditor shall discharge the duties of the office as prescribed by ordinance enacted by the city council.

**Section 4.** Chapter 2.33 of the Sacramento City Code is hereby repealed.

**Section 5.** Section 31 of the Sacramento City Charter is amended to read as follows:

**§ 31 Meetings.**

The city council shall hold regular meetings and provide the time, place, and manner of holding its meetings, by annual resolution. A majority of regular council meetings shall be held after 5:00 p.m. All meetings of the council shall be open to the public, except as permitted by state law.

**Section 6.** Effective Date.

This Act shall take effect as provided in California Government Code sections 34459 and 34460, except that Sections 2 and 3 of this Act shall not be operational until July 1, 2019.

**Section 7.** Severability.

The provisions of this Act, including any portion, section, subsection, paragraph, subparagraph, sentence, clause, or word, are severable. If any provision of this Act or its application is held to be invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.
