SUMMARY

This project has been advertised for bids. Bids have been received and additional funds are needed to award the contract.

BACKGROUND

The existing, deteriorated sewer main in B Street from Alhambra Boulevard to 33rd Street will be replaced by approximately 1,000 lineal feet of 6 inch PVC pipe. The existing 2 inch water main in the area is inadequate and will be replaced with a new water main from the B-C Streets Alley north along Alhambra Boulevard to B Street, east along B Street to 33rd Street and south along 33rd Street to the B-C Streets Alley.

On April 3, 1990, the City Council approved the plans and specifications for this project. On May 1, 1990, bids were received and opened by the City Clerk. The bids received were:
