Honorable Mayor and
Members of the City Council

Subject: Army Depot Master Lease – Parcel Assignment

Location/Council District: Former Army Depot Site (District 6)

Recommendation:

Adopt a Resolution approving the Sixth Amendment to the Army Depot "Industrial Development Lease and Option to Purchase" (Master Lease), City Agreement No. 94-194, between the City of Sacramento and US National Leasing, LLC.

Contact: Micah Runner, Senior Project Manager: 808-5448

Presenters: Not Applicable

Department: Economic Development

Division: Citywide

Organization No: 4453

Summary:

The proposed amendment to the Master Lease is to release four parcels included in the current lease to an affiliate organization of US National Leasing. The proposed amendment will allow the developer to obtain financing for the development of new projects on the four released parcels. (See attachment 1 for the released parcels). US National Leasing has made this amendment request in accordance with the terms and conditions contained in the Master Lease.

Committee/Commission Action: None

Background Information:

In 1994, the City Council approved the Master Lease with Packard Bell Electronics, Inc. and also entered into a loan agreement with Packard Bell in the amount of \$36 million for site improvements and relocation expenses. In 1999, Packard Bell found itself in difficult financial times and was dissolving as a corporation. Packard Bell requested the

City consent to assignment of the Master Lease to US National Leasing. The City approved the transfer with some additional requirements and US National Leasing was successful in paying off \$16 million in loans owed to the City by Packard Bell.

The sixth amendment removes four parcels from the Master Lease with US National Leasing, LLC and transfers them to US National Lands, LLC. The Master Lease gives US National Leasing the ability to assign the lease in part or whole to an affiliate company, including all rights and interests. Currently, the developer is unable to finance specific projects at the site because the Master Lease covers the property for the entire project. This amendment will give the developer the ability to finance specific projects, which will increase private investment in the former Army Depot.

Financial Considerations:

There are no funding requirements related to this project.

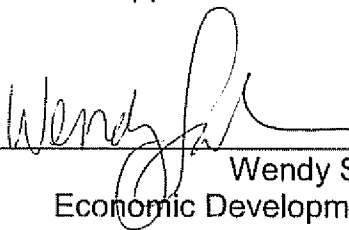

Environmental Considerations:

This project is subject to the environmental review process as part of the approval of its development application.

Policy Considerations:

The action requested herein is consistent with the City's goal to expand economic development and assist in the reuse of the former Army Depot.

Emerging Small Business Development (ESBD): Not Applicable
