PROJECT EVALUATION: Staff has the following comments regarding this proposal:

- A. **Land Use:** The subject site is a 42+ acre parcel located in the Single Family (R-1) zone. The site is currently vacant. The applicant proposes to locate a five foot by 10 foot (50 square foot), 11 foot high, subdivision directional sign for the "Sierra Skyline" subdivision on the subject parcel (Exhibits A and B). This subdivision is located on Turnstone Drive, west of Northgate Boulevard.

Besides the directional sign proposed for the subject parcel, the applicant proposes four additional signs to be located in the South

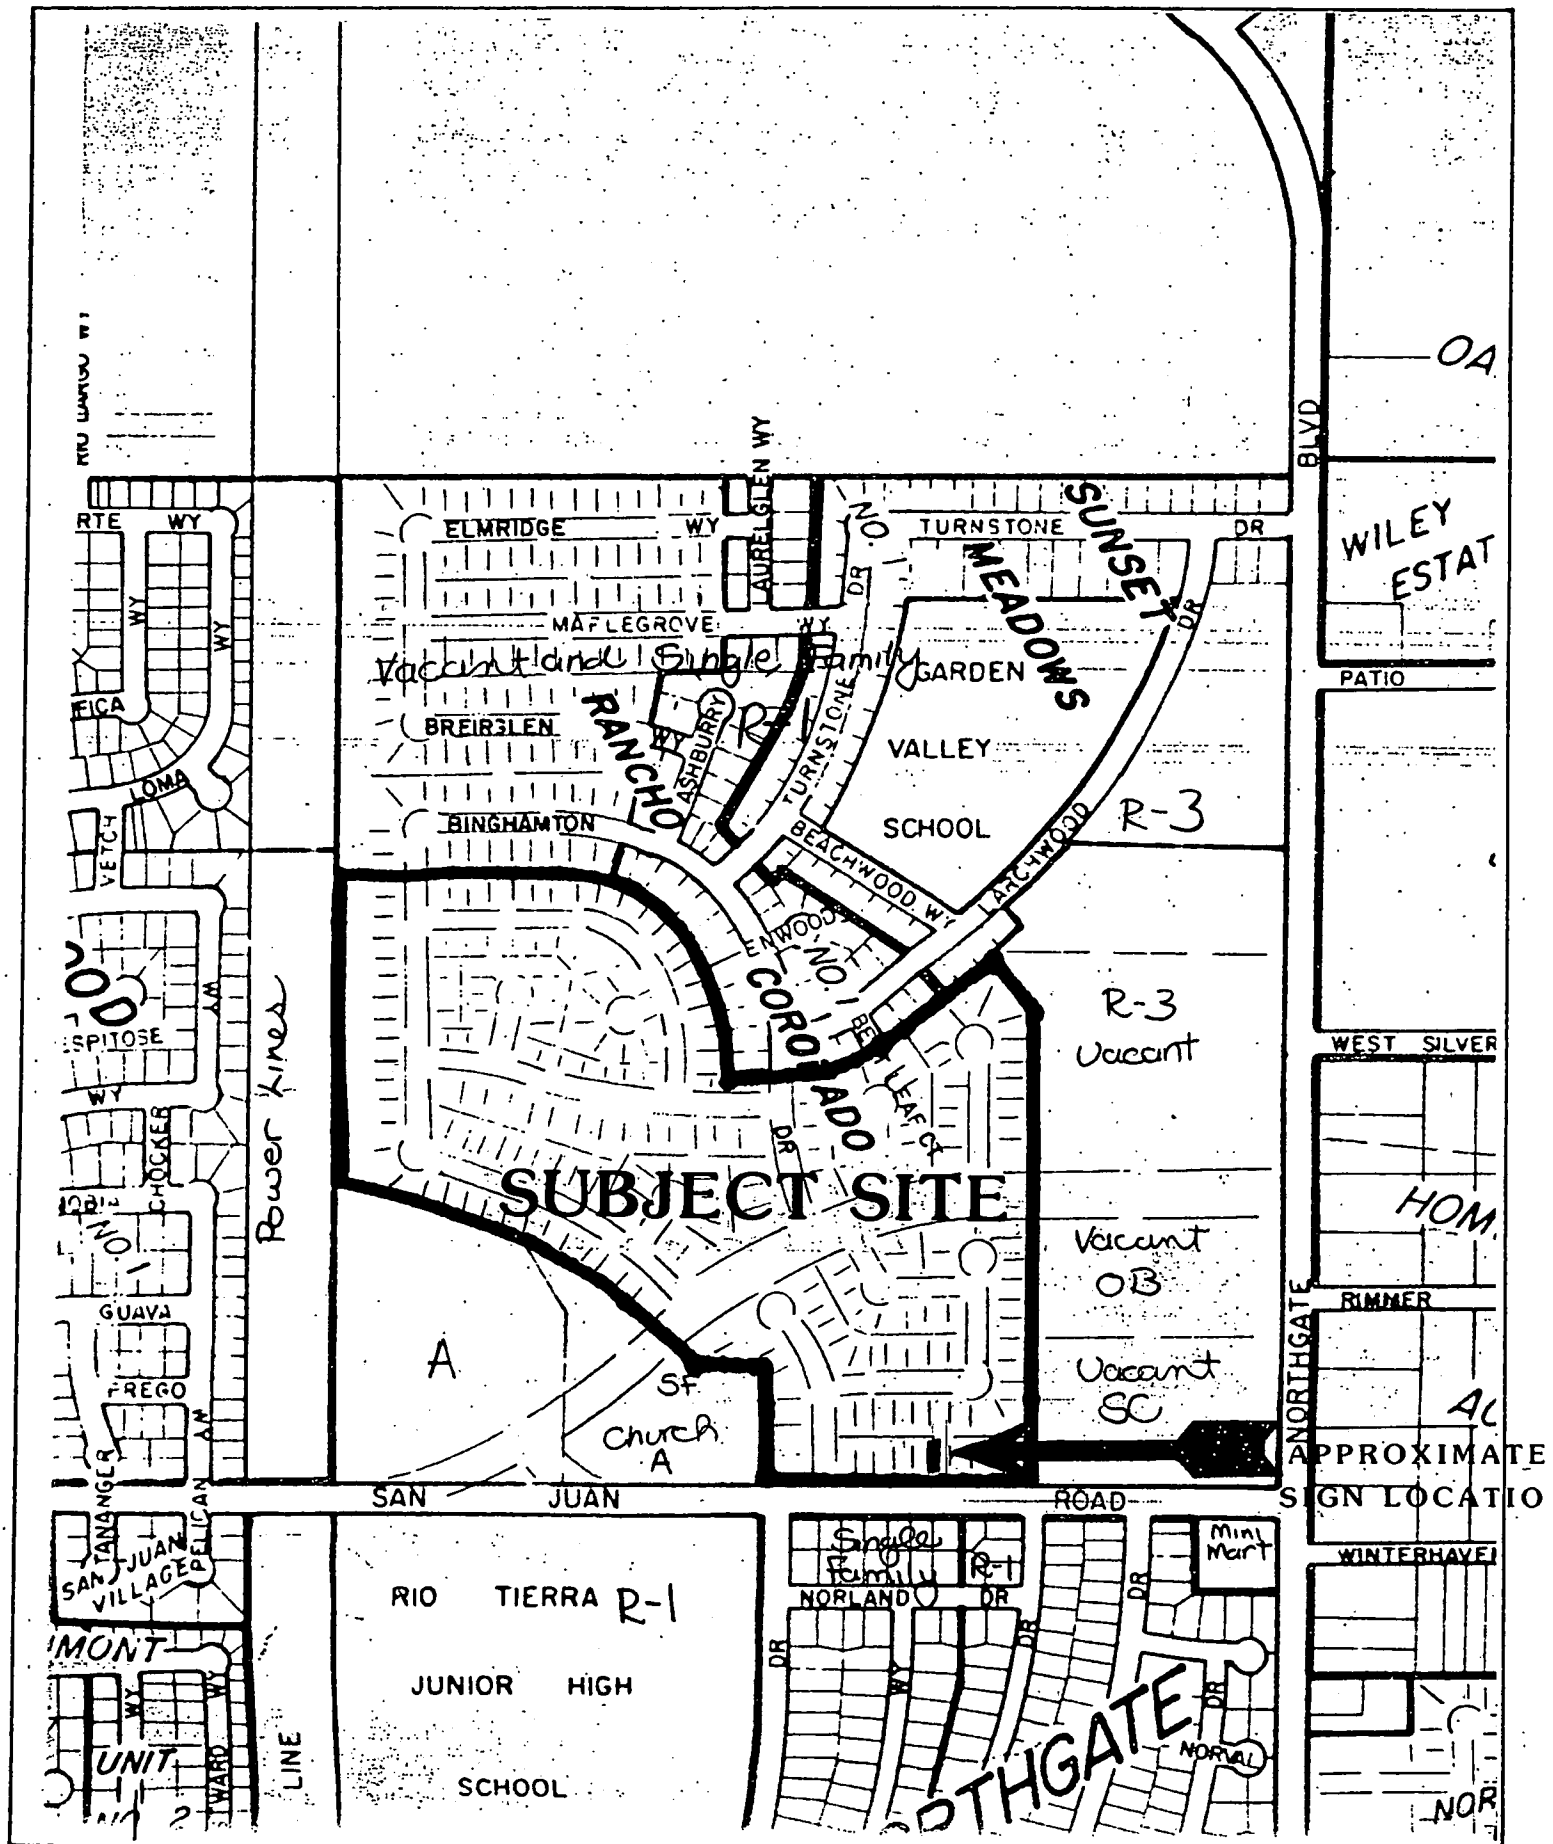

Natomas Community Plan area to provide direction to the "Sierra Skyline" subdivision (Exhibit C). Two of the signs are proposed to be located near the intersection of San Juan Road and Northgate Boulevard and two near the intersection of West El Camino Avenue and Truxel Road. This number of signs is contrary to the purpose and intent of the Sign Ordinance to "eliminate excessive and confusing sign displays" and "to preserve and improve the appearance of the city as a place in which to live and to work and as an attraction to nonresidents who come to visit or trade." The subject site is one of two locations near the intersection of San Juan Road and Northgate Boulevard. The applicant has indicated, at staff's request, that the sign proposed for the subject site is of a lower priority than the other sign proposed near this intersection (P84-270). Staff, therefore, recommends denial of the special permit request for a subdivision directional sign on the subject site.

STAFF RECOMMENDATION: Staff recommends denial of the special permit request based upon the following findings of fact:

Findings of Fact

The special permit, if approved, would be contrary to the purpose and intent of the City's Sign Ordinance to:

1. "eliminate excessive and confusing sign displays", and
2. "preserve and improve the appearance of the City as a place in which to live and to work and as an attraction to nonresidents who come to visit or trade."
