Description/Analysis

Issue Detail: The California Department of Resources Recycling and Recovery (“CalRecycle”) has established the Beverage Container Recycling City/County Payment Program to make payments to qualifying jurisdictions for the implementation of beverage container recycling and litter abatement projects. To receive these funds, CalRecycle requires the governing body of the applicant to annually prepare and provide a signed resolution authorizing the local jurisdiction to apply for the payment program and identify the job title or his/her designee authorized as the signature authority to execute all documents necessary to implement and secure payment.

Policy Considerations: The recommendations in this report are consistent with the City’s General Plan waste diversion goal to encourage recycling, composting, and waste separation to reduce the volume and toxicity of solid wastes sent to landfill facilities.

Economic Impacts: Not applicable

Environmental Considerations:

California Environmental Quality Act (CEQA): This report concerns administrative activities and government fiscal activities that do not constitute a “project” and is not subject to the provisions of CEQA (CEQA Section 15378(b)(2)).

Sustainability: The proper recycling of beverage containers and litter abatement projects will contribute to a safer and cleaner environment.

Commission/Committee Action: None

Rationale for Recommendation: CalRecycle requires the governing body of the applicant to provide a signed resolution authorizing the application. If awarded, the Department of Public Works, Recycling and Solid Waste Division will use these funds to implement new and existing beverage container recycling and litter abatement projects (e.g. truck signs, outdoor advertising, City utility bill inserts).

Financial Considerations: Staff recommends applying for funding from the CalRecycle Beverage Container Recycling City/County Payment Program in an amount not to exceed \$200,000. No matching funds are required.

There are no General Funds planned or allocated to this project.

Local Business Enterprise (LBE): Not applicable

RESOLUTION NO. 2018-

Adopted by the Sacramento City Council

November 27, 2018

APPLICATION FOR THE CALRECYCLE BEVERAGE CONTAINER RECYCLING CITY/ COUNTY PAYMENT PROGRAM

- A. Pursuant to California Public Resources Code sections 14581, 42023.1(g), and 48000 *et seq.*, the California Department of Resources Recycling and Recovery (“CalRecycle”) established the Beverage Container Recycling City/County Payment Program (the “Payment Program”) to provide opportunities for beverage container recycling to qualifying jurisdictions.
- B. CalRecycle is currently accepting applications for the Payment Program. The Department of Public Works, Recycling and Solid Waste Division is seeking this payment to fund new and existing beverage container recycling and litter abatement projects.
- C. CalRecycle’s Payment Program requires, among other things, an applicant’s governing body to declare by resolution the following authorizations related to the administration of the Payment Program.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The City Manager or the City Manager’s designee is authorized to submit an application for the CalRecycle Beverage Recycling Container City/County Payment Program in the amount not to exceed \$200,000.
- Section 2. The City Manager or the City Manager’s designee is authorized to execute all documents necessary to implement and secure the payment, if awarded.
- Section 3. The City Manager or the City Manager’s designee is authorized to establish a grant project, and related revenue and expenditure budgets in an amount not to exceed \$200,000, if awarded, to implement projects relating to beverage container recycling and litter abatement projects.
