SUMMARY

Plans and specifications for this project have been prepared. Approval of the plans and specifications and authorization to advertise for bids is recommended.

STAFF RECOMMENDATION

It is recommended that the City Council approve the plans and specifications for this project and authorize the City Clerk to advertise for bids to be received on September 16, 1992.

BACKGROUND INFORMATION

The proposed project extends 34th Street, 400' north of Fruitridge Road, to approximately 145' south of 28th Avenue. The improvements will provide access to a proposed youth center (La Familia Counseling Center) and include the construction of water, sewer, drainage, and roadway improvements. A paved, gated, twelve foot wide emergency access road between the extension terminus and 28th Avenue will also be constructed as part of this project.

A Negative Declaration for this project was filed with the County Clerk of the County of Sacramento on May 12, 1992. The engineer's estimated construction cost is \$93,100.00.
