Additional Information The applicant proposes to relocate the common property lines between four parcels in order to create two parcels. When the City realigned San Juan Avenue, the new road crossed through existing parcels. The current owners propose to consolidate remnant pieces and realign the property lines so each has one parcel on either side of the street. The Zoning Ordinance and Building Code do not permit structures to cross property lines.

The project was noticed and staff received no calls.

Agency Comments

The proposed project has been reviewed by the City Utilities Department, the Building Division, and the Public Works - Transportation and Engineering Planning Divisions. The comments received pertaining to the lot line adjustment have been included as conditions.

Environmental Determination

This project will not have a significant effect on the environment and is exempt from environmental review pursuant to State EIR Guidelines {California Environmental Quality Act, Section 15305(a)}.

Conditions of Approval:

1. File a Certificate of Compliance, submit all required documents according to the submittal requirements checklist, and pay necessary fees.
2. File a waiver of Parcel Map.
3. Pay off or segregate any existing assessments.
4. Only one domestic water service per parcel is allowed. Any excess domestic water services must be abandoned to the satisfaction of the Department of Utilities. The applicant should be advised that the tap record research and verification of tap locations by the field crews involved prior to sign-off of this condition may take a considerable amount of time, therefore, all requests should be submitted in a timely manner.
5. **Advisory Note:** The proposed project is located in the 100 year flood plain, designated as an AR zone (elevation 19 feet) on the Federal Emergency Management Agency (FEMA) Federal Insurance Rate Map (FIRMS) dated July 6, 1998. Within the AR zone the following regulations

will apply:

- * All new residential and commercial development will be required to be constructed with the lowest floor, including basement, at or above the base flood elevation, or 3 feet above the highest adjacent grade, whichever is lower.
- * Commercial projects will have the option of flood proofing in lieu of the elevation requirements.

Findings of Fact:

1. The lot line adjustment is consistent with the General Plan and South Natomas Community Plan which designate the site for High Density Residential (30+ du/na) and Low Density Residential (4-15 du/na) and Medium High Density Residential (11-21 du/na) and Residential (4-8 du/na) respectively.
2. All existing streets and/or utility easements of record are reserved. The lot line will not result in the abandonment of any street or utility easement of record.
3. The lot line adjustment will not eliminate or reduce in size of the access way to any resulting parcel or the application is accompanied by new easements to provide access which meet all the City requirements regarding access to parcels in the location and of the size as those proposed to be created.
4. The resulting parcel conforms to the requirements of this Subdivision Ordinance, Chapter 40, the City's General Plan, the City's Comprehensive Zoning Ordinance, and the City's Building Code.

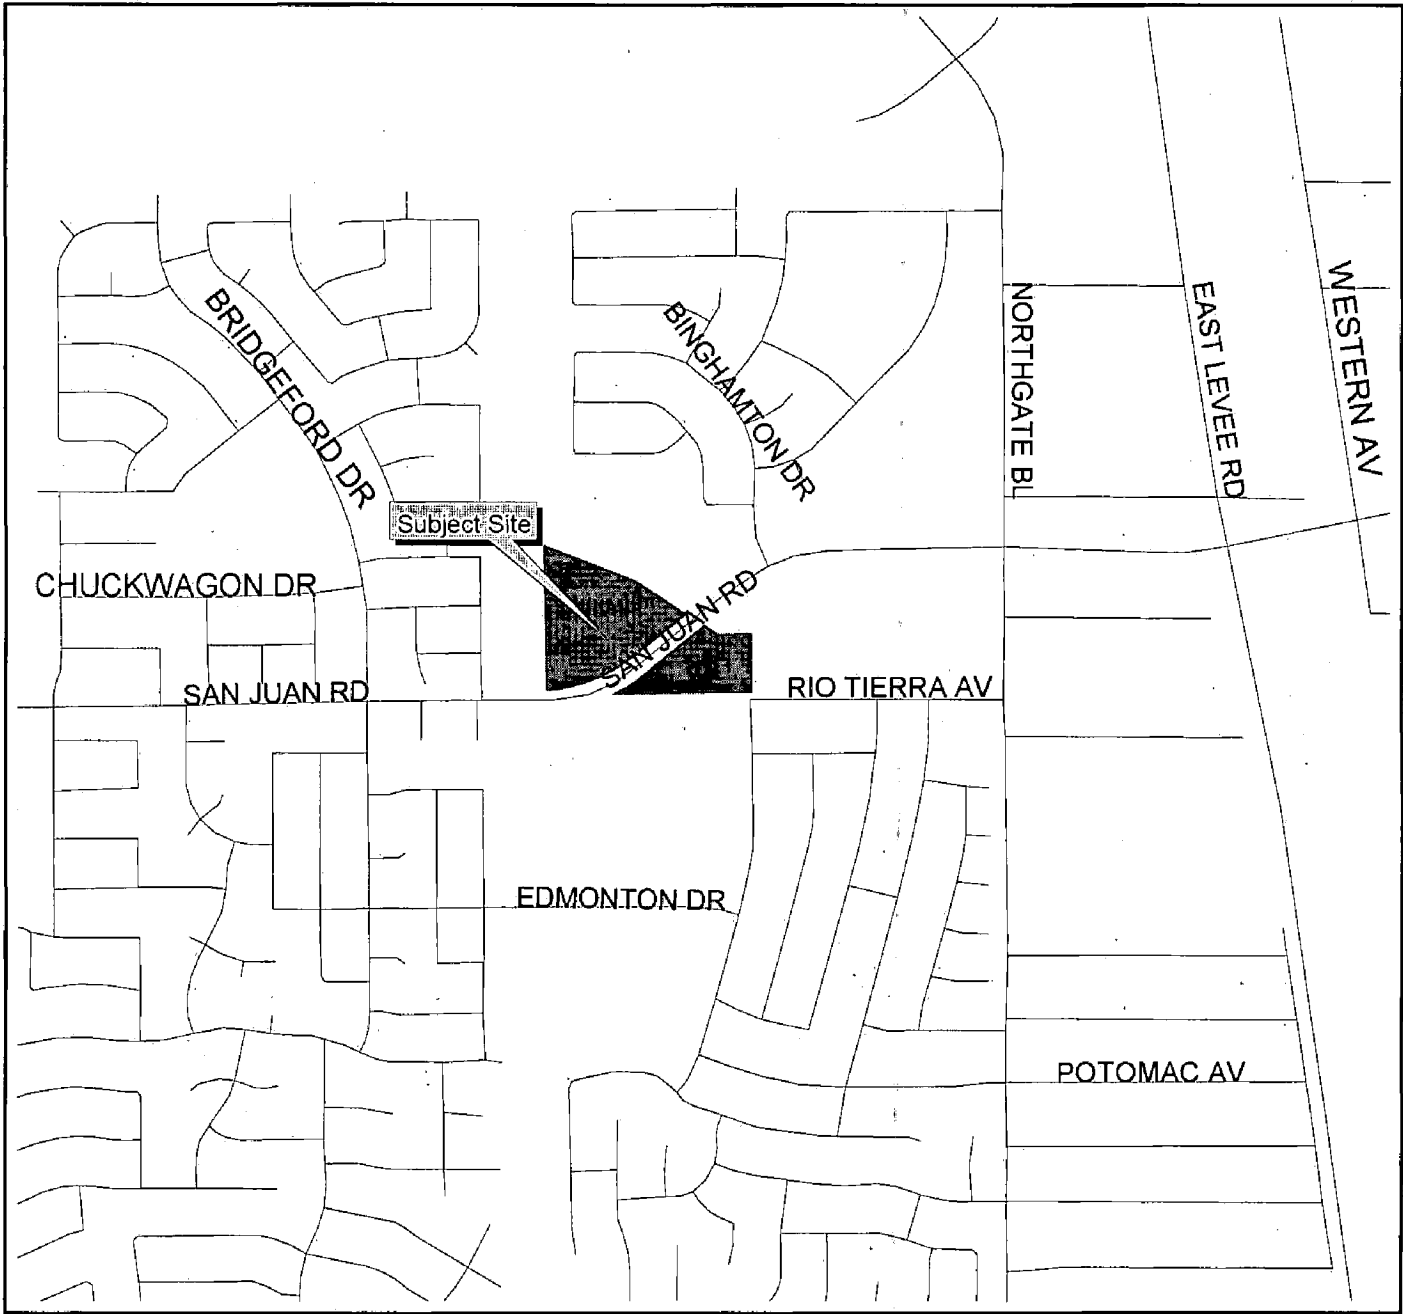

Joy D. Patterson
Zoning Administrator

The decision of the Zoning Administrator may be appealed to the Planning Commission. An appeal must be filed within 10 days of the Zoning Administrator's hearing. If an appeal is not filed, the action of the Zoning Administrator is final.

Note: The applicant will need to contact the Public Works Department (Jerry Lovato, 264-7918) after the appeal period is over to record a certificate of compliance to complete the parcel merger.

DESCRIPTION OF ACTIVITY/PROJECT: Zoning Administrator Lot Line Adjustment to relocate the common property lines between four partially developed parcels to create two parcels totaling 14.2± acres in the Agricultural (A) zone.

NAME OF PUBLIC AGENCY APPROVING ACTIVITY/PROJECT: City of Sacramento

NAME OF PERSON/AGENCY CARRYING OUT ACTIVITY/PROJECT:
Morton & Pitalo Inc. (John Pitalo)

THE CITY OF SACRAMENTO FINDS THAT THE ACTIVITY/PROJECT IS EXEMPT.

Exempt Status: (Check One)

- Activity is not a project as defined in Section 15378 [Section 15061(b)(1)]
- Activity has no potential for causing a significant effect on the environment [Section 15061(b)(3)]
- Statutorial Exemption [Section 21080(b)(8)]
- Ministerial Exemption [Section 15268]
- Declared Emergency Exemption [Section 15269(a)]
- Emergency Project [Section 15269(b) and (c)]
- Categorical Exemption-State Class 05 and Section Number 15305(a)

REASONS WHY ACTIVITY/PROJECT IS EXEMPT: The activity involves a lot line adjustment to relocate the common property line between four parcels in order to realign the parcels after the San Juan Road realignment placed the road through the middle of several parcels. Although the project is located in the AR Flood Zone area, the project is for a lot line adjustment that will not result in any changes in land use. The project does not require building permits.
