Honorable Members in Session:

**SUBJECT: LAND PARK DRIVE AND 2ND AVENUE TRAFFIC SIGNAL,
INTERCONNECT AND STREET LIGHTING IMPROVEMENTS
(PN:SH26/SC96) - CONTRACT AWARD**

**LOCATION AND COUNCIL DISTRICT: Land Park Drive and 2nd Avenue
District No. 4**

RECOMMENDATION:

This report recommends that the City Council:

- Accept the low bid of \$203,203 from Grason Electric.
- Award the contract for the Land Park Drive and 2nd Avenue Traffic Signal, Interconnect and Street Lighting Improvements to Grason Electric.

CONTACT PERSON: N. Dee Lewis, Supervising Engineer, 264-7923

FOR COUNCIL MEETING OF: February 22, 1994

City Council
Land Park Drive and 2nd Avenue Traffic Signal, Interconnect and Street Lighting
Improvements Project (PN:SH26/SC96)
February 2, 1994

SUMMARY:

This project, which will provide increased public safety and neighborhood enhancement, involves the installation of a traffic signal system at the intersection of Land Park Drive and 2nd Avenue. The project also includes the placement of a traffic signal interconnect between 2nd Avenue and Broadway, handicap ramps and crosswalks. In addition, a section of the existing deteriorated series circuit street lights will be replaced in this area. The traffic signal system and the replacement of the existing deteriorated series circuit street light system will significantly reduce maintenance and energy costs, as well as increase public safety. The MBE/WBE program requirements included in the project promotes City wide inclusiveness of our diverse population. The successful bidder exceeded both the MBE and WBE goals for this project.

Bids were received and opened on January 12, 1994, and contract award to Grason Electric is recommended.

COMMITTEE/COMMISSION ACTION:

None.

BACKGROUND INFORMATION:

Construction timing for this project is a priority as Land Park Drive is scheduled to be resurfaced in the spring of 1994 under a separate contract.

This project involves the installation of a traffic signal system at the intersection of Land Park Drive and 2nd Avenue, and placement of handicap ramps and crosswalks. An interconnect system will be installed on Land Park Drive from 2nd Avenue to Broadway along Land Park Drive, to facilitate the movement of traffic. Fire alarm preemption will also be installed for the emergency vehicle traffic along Land Park Drive.

As part of this project, a significant portion (30 lights of an existing 92 light series circuit) of an existing deteriorate series circuit street light system located on Land Park Drive, Markham Way and Marty Way will be converted to a more efficient multiple street lighting system. Replacement will include conduit, conductors, luminaries and

City Council

Land Park Drive and 2nd Avenue Traffic Signal, Interconnect and Street Lighting Improvements Project (PN:SH26/SC96)

February 2, 1994

new fiberglass ornamental poles. The replacement of the existing deteriorated series circuit street light system will significantly reduce maintenance and energy costs as well as provide increased public safety.

On December 7, 1993, the City Council approved the plans and specifications for the Land Park Drive and 2nd Avenue Traffic Signal, Interconnect and Street Lighting Improvements project. Bids were received and opened by the City Clerk on January 12, 1994. The bids received were:

Grason Electric	\$203,203
M & M Electric	\$203,777
St. Francis Electric	\$227,462
Richard A Heaps Electric	\$236,666

Note: There were no MBE/WBE bidders.

The estimated project completion date is July 29, 1994.

FINANCIAL CONSIDERATIONS:

The engineer's estimated construction cost was \$216,000. The successful low bid received was \$203,203. Funding for the project will be provided as follows:

Item	Amount per project	
Current Project Budget:	<u>PN:SH26</u>	<u>PN:SC96</u>
Land Park Drive and 2nd Avenue Traffic Signal Interconnect (PN:SH26) Sacramento Transportation Sales Tax CIP Fund (201)	\$ 200,000	
Series Street Lighting Replacement (PN:SC96) Gas Tax Fund (202); the General Fund (101); City Wide Landscaping and Lighting District (281)		\$ 413,000

City Council
Land Park Drive and 2nd Avenue Traffic Signal, Interconnect and Street Lighting
Improvements Project (PN:SH26/SC96)
February 2, 1994

Less Construction Contract (\$203,203)	\$ 97,192	\$ 106,011
Less Estimated Design/Inspection/Survey/ Contingencies/Material Testing Costs	\$ 61,332	\$ 13,781
Projected Balance for contingencies and subsequent projects	\$ 41,476	\$ 293,208

As of February 2, 1994, the Land Park Drive and 2nd Avenue Traffic Signal and Interconnect project (PN:SH26) had a balance of \$152,882 available from the Sacramento Transportation Sales Tax CIP Fund (201). The Series Street Lighting Replacement project (PN:SC96) had a balance of \$397,665 from the Gas Tax Fund (202), the City Wide Landscaping and Lighting District (281), and the General Fund (101).

POLICY CONSIDERATIONS:

The proposed project will provide increased public safety and neighborhood enhancement in accordance with City Council priorities.

This action is consistent with Title 58, Chapter 58.03.304 of the City Code concerning award of contract and Resolution No. 93-619 relating to MBE/WBE participation goals and policies adopted by the City Council on November 2, 1993.

MBE/WBE:

This project included MBE/WBE participation goals of 10.57% MBE and 9.5% WBE, as required by Resolution No. 93-619, relating to MBE/WBE participation goals and policies adopted by the City Council on November 2, 1993. Award of contract is contingent upon the responsive low bidder either meeting the project MBE/WBE participation goals or making adequate Good Faith Efforts towards meeting the project goals. Bids submitted which meet or exceed the MBE/WBE goals are eligible for bid price preferences up to a maximum of 7% or \$25,000 whichever is lower.

There were 7 planholders for this project, one of which was a WBE. There were no MBE planholders. Four bids were received for the project. There were no bids submitted by MBE or WBE firms. The low bidder Grason Electric exceeded both the WBE goal and the MBE goal. The low bidder's MBE/WBE participation listed in their

City Council
 Land Park Drive and 2nd Avenue Traffic Signal, Interconnect and Street Lighting
 Improvements Project (PN:SH26/SC96)
 February 2, 1994

bid was verified by staff. Since the low bidder achieved both goals there was no requirement for the low bidder to submit documentation of Good Faith Effort.

The price preferences available to bidders achieving the project MBE/WBE goals under Resolution No. 93-610 adopted by the City Council on November 2, 1993, did not affect the rank order of the low bid received.

The MBE/WBE participation achieved by all bidders as identified in their bids is listed in the following table:

Project goals:

MBE 10.5%
 WBE 9.5%

Contractor	M/WBE Status	Bid Amount	MBE		WBE		Good Faith Effort Documentation Submitted
			\$	%	\$	%	
Grason Electric	No	\$203,203	34,864	17.2	\$20,724	10.1	Yes
M & M Electric	No	\$203,777	25,133	12.3	\$22,095	10.8	Yes
St. Francis Electric	No	\$227,462	24,295	10.7	\$21,710	9.5	Not required
Richard A. Heaps Electric	No	\$236,666	23,949	10.1	\$22,485	9.5	Not required

Plans and specifications were sent to seven (7) plan rooms and construction services organizations for publication and use by the construction industry of Northern California. There are four (4) organizations on the distribution list that are directly involved with outreach to MBE/WBE contractors.

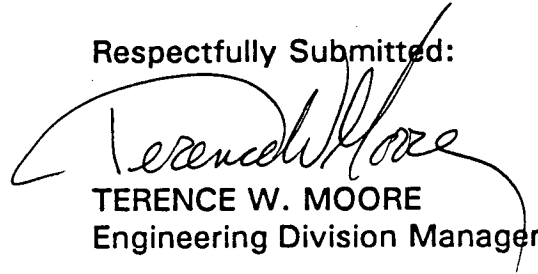

Other MBE/WBE outreach efforts for this project included:

- Advertisement of the project on the City of Sacramento Construction Project Bid Line (916) 392-4758.

City Council
Land Park Drive and 2nd Avenue Traffic Signal, Interconnect and Street Lighting
Improvements Project (PN:SH26/SC96)
February 2, 1994

- Free access to review the project plans and specifications at the City of Sacramento Planroom at Engineering Division offices at 927 10th Street.
- Provided notice of this project to three minority chambers of commerce and three minority and women community organizations directly involved with outreach to MBE/WBEs.

Respectfully Submitted:

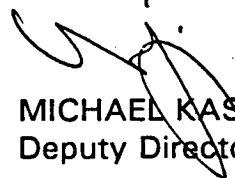

TERENCE W. MOORE
