RESOLUTION NO.

Adopted by the Sacramento City Planning Commission

on date of

APPROVING A LOT LINE ADJUSTMENT FOR THAT PORTION
OF LOT #1, BLOCK C OF SUBDIVISION NO. 7, RECORDED
IN BOOK 13 OF MAPS, MAP #16

WHEREAS, the Planning Director has submitted to the Planning Commission a report and recommendation concerning the lot line adjustment for property located at 3340 Marysville Boulevard; and

WHEREAS, the lot line adjustment is exempt from environmental review pursuant to State EIR Guidelines (CEQA, Section 15105(a)); and

WHEREAS, the lot line adjustment is consistent with the 1974 City General Plan and the 1984 North Sacramento Community Plan;

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Sacramento:

That the lot line adjustment for property located at 3340 Marysville Boulevard, City of Sacramento, be approved as shown and described in Exhibits A, B and C attached hereto, subject to the following condition:

The applicant shall submit closure calculations for the overall boundary of the site. It shall be prepared by a certified licensed land surveyor or civil engineer and reviewed and approved by the City Engineer's office.

CHAIR

ATTEST:

SECRETARY TO CITY PLANNING COMMISSION

STAFF EVALUATION: Staff has the following comments regarding this request:

1. The subject site is located in an area with residential and commercial uses. The land on which the care facility will be expanding is surrounded by single family uses. This portion of the facility will, however, be used only for gardening activities and it is not expected that this use will conflict with the adjacent residences.
2. The proposed program expansion is not expected to increase the number of persons who are served by this facility, therefore the 30 existing parking spaces will be adequate to meet the parking needs of the facility.
3. The lot line adjustment is being requested to merge the parcel to the north with the rest of the site. This merger was approved by the Commission in 1981, however the applicant failed to complete the merger by gaining the certificate of compliance. At the present time this lot line bisects an existing structure and should have been removed before the building permits were issued. The applicant is also requesting a lot line adjustment to relocate a portion of the rear property line farther to the east for the proposed garden expansion. As proposed, the lot line adjustment will not reduce the size or area of the single family lot below the minimum requirements since this lot is an excessively deep lot. Staff, therefore, has no objections to this request.

ENVIRONMENTAL DETERMINATION: The Environmental Coordinator has determined that the proposed project will not have a significant adverse effect on the environment and has filed a negative declaration.

STAFF RECOMMENDATION: Staff recommends the following actions:

1. Ratification of the negative declaration;
2. Approval of the special permit subject to the following findings of fact; and
3. Approval of the lot line adjustment by adopting the attached resolution.

Findings of Fact - Special Permit

- A. As proposed, the special permit is based upon sound principles of land use in that: (1) the gardening activity is compatible with the existing care facility and adjacent residential uses, and (2) the proposal will not alter the character of the neighborhood.
- B. As proposed, the special permit will not be detrimental to the public health, safety or welfare or result in the creation of a nuisance in that: (1) the gardening activity is similar to the uses on adjacent property, and (2) the existing care facility has adequate on-site parking.
- C. The special permit use is consistent with the General Plan and the North Sacramento and other specific plans in that the care facility is allowed subject to special permit approval.

		REPORT BY:	SC:sg
NEGATIVE DEC	5-22-84	EIR	ASSESSOR'S PCL NO. 251-230-11, 45 & 50

- APPLICATION:
1. Negative Declaration
 2. Special Permit to expand a care facility training center (Section 15)
 3. Lot Line Adjustment to relocate a property line between three parcels totaling 1± acre (Subdivision Ordinance)

LOCATION: 3340 Marysville Boulevard

PROPOSAL: The applicant is requesting the necessary entitlements to expand the boundary of an existing care facility training center (P-9305) to provide additional garden therapy.

PROJECT INFORMATION:

1974 General Plan Designation: Residential
1984 North Sacramento
Community Plan Designation: Residential 4-8 du per acre
Existing Zoning of Site: R-1, R-3 & C-2-R
Existing Land Use of Site: Care facility and vacant

Surrounding Land Use and Zoning:

North: Residential & commercial; R-3 & R-1
South: Commercial & residential; C-2 & R-1
East: Residential; R-1
West: Commercial; C-2

Parking Required: To be determined by Commission
Parking Provided: 30
Property Dimensions: Irregular
Property Area: 1.0± acres
Topography: Flat to sloping
Street Improvements: Existing
Utilities: Existing

BACKGROUND INFORMATION: On February 26, 1981 the Planning Commission approved a special permit (P-9305) to expand an existing care facility and develop a 7,920 square foot building for this use. The purpose of the facility is to provide educational and vocational training for the handicapped. The current request involves a special permit and lot line adjustment to utilize a portion of an adjacent residential deep lot for vocational education in the form of gardening.
