PUBLIC WORKS**

ENGINEERING DIVISION

THOMAS M. FINLEY
ENGINEERING DIVISION MANAGER

July 25, 1989

City Council
Sacramento, California

Honorable Members In Session:

SUBJECT: Front Street Water Main Relocation Project (PN:ZC96) - Cancellation of Bid Advertising

SUMMARY

It is requested that bidding for the subject project be cancelled due to developments associated with State Reclamation Board requirements.

BACKGROUND

The City Council approved advertising for bids on June 13, 1989, with bid opening on July 11, 1989. Since the approval to advertise was given, the State Reclamation Board has required that additional design features be incorporated in the project.

The required changes are substantial and will require review and additional design work by City staff to develop the modifications sufficiently for incorporation into the construction documents. Review and acceptance by State Reclamation staff is also required. Due to these circumstances, it is requested that bidding be cancelled to provide sufficient time to address project requirements in light of the Reclamation Board staff actions. The project would then be advertised for bids at a later time, consistent with the timing requirements of the overall project.

FINANCIAL DATA

A financial update will be provided in a future staff report to the City Council via the Budget and Finance Committee.
