**FINAL REPORT
CONSTRUCTION OBSERVATION AND TESTING SERVICES
AMERICAN PROMOTIONAL EVENTS BUILDING**

8151 Power Ridge Road
Sacramento, California
Reference No. 192-202.01
Permit No. 0303993

In accordance with your request, our firm has completed construction observation and testing services for the subject project. During construction of the project, our firm performed *Special Inspection and Testing* in accordance with Sections 106 and 1701 of the Uniform Building Code. Our construction observations and testing were performed between August 28 and November 14, 2003. Our firm prepared a Geotechnical Investigation Report for the project dated March 17, 2003.¹ We prepared a summary letter, dated December 23, 2003, detailing the specifics of the observation and testing we performed.²

Our observation and test results indicate that the following items for the referenced building were constructed, to the best of our knowledge, in accordance with the project plans, specifications, and our referenced report.

Earthwork: Observed and tested:
1) Building pad
2) Foundation excavations

Reinforcing Steel: Verified placement of reinforcing steel for:
1) Foundations
2) Wall panels

¹ Raney Geotechnical Inc.; "Geotechnical Investigation, American Promotional Building, Power Ridge Road, Sacramento, California"; Job No. 192-202; March 17, 2003.

² Raney Geotechnical Inc.; Final Report, Construction Observation and Testing Services, American Promotional Events Building, 8151 Power Ridge Road, Sacramento, California"; Reference No. 192-202.01; December 23, 2003.

Concrete: Observed placement and sampled concrete for:
1) Foundations
2) Slab-on-grade
3) Tilt-up wall panels

Performed slump tests and laboratory compressive strength testing

Structural Steel: Observed welding for:
1) Shop welding -- Columns
2) Field welding -- Panel and roof connections

Horizontal and vertical limits of the described work were determined by others. We cannot guarantee construction, nor should our work or this letter be construed as relieving the contractors from their primary responsibility to conform to contractual agreements and sound engineering practice.

Should you have any questions regarding this letter or require any further information, please contact our office.

Very truly yours,

RANEY GEOTECHNICAL INC.

POST IN A CONSPICUOUS PLACE

January 22, 2004

Sacramento Fire Department
 Attention: Troy Malaspino, Assistant Chief
 5770 Freeport Blvd., Ste 200
 Sacramento, CA 95822-3516

Re: American Promotional Events, 8151 Power Ridge Road

Dear Mr. Malaspino,

Panattoni Construction would like to apply, on behalf of American Promotional Events, for a temporary storage of Commercial tenant space. The above referenced job is currently permitted. The permit number is 0303993.

The situation that occurs is as follows: Panattoni Construction is building a new office and warehouse space for American Promotional Events. The building construction schedule is complete, except for exterior painting which is in the process of being finished by January 28th. At this point in time, we are waiting on SMUD and SBC to install and connect the phone lines and power to the building. SMUD's schedule is due to be complete by February 2nd, and SBC's schedule is due to be complete by February 12th. Both companies believe the work will be accomplished before these dates; however, they are not willing to commit to an earlier date. The reason for this is it is winter time and any storms that may pass through and knock out/down existing power/telephone lines will get the first priority in being repaired.

As American Promotional Events is getting ready to move into their new facility, they have a shipment of product arriving by boat from China in the Port of Los Angeles. If American Promotional Events has to hold their cargo at the Port of Los Angeles until February 13th, it would result in a huge increase of cost. For this reason, Panattoni Construction would like to receive a Temporary Certificate of Occupancy to store their product in the warehouse space of the building. We have received an okay from all the City Inspectors (Building, Site, Electrical, Plumbing and Mechanical) for the temporary storage.

The fire sprinkler system is up and functional short of monitoring. In regards to the Fire Departments monitoring requirements, Panattoni Construction proposes to have a certified fire watch personal with a cell phone on the site 24 hours a day

FIREWATCH REQUIREMENTS SHALL BE FOLLOWED
AS PER THE FAX OF JAN. 22, 2004. TAM

Addition to Article 25, Section 2501, Fire Watch Personnel.

Subsection 2501.20 Fire Watch Personnel. Is amended to read as follows:

The Fire Marshal may require a fire watch staffed by fire company personnel. Costs for the fire watch shall be paid by the owner or manager of the facility or company.

When required by the Fire Marshal, fire watch personnel may consist of qualified persons from an independent company, or such persons as approved by the Fire Marshal, for fire watch duty. Fire watch persons and companies conducting a fire watch shall comply with the following:

- 1. All fire watch personnel shall be in the employ of a State licensed bonded and insured security service or shall be approved by the Fire Marshal.**
- 2. All fire watch personnel shall be subject to the orders of the Fire Marshal or his authorized agent at all times when so employed.**
- 3. Fire watch personnel shall not be required or permitted to perform any other duties.**
- 4. An hourly patrol of all floors and common areas, keeping dilligent watch for fires, shall be conducted.**
- 5. Fire watch personnel shall keep a formal written log which notes patrols and reportable information in chronological order. Each log sheet shall cover 24 hour period, shall be signed and then faxed or transmitted daily by other means to the Fire Marshal. The information contained in the report or log shall indicate the patrol route, time and general observations including any life safety violations.**
- 6. Means shall be immediately available to fire watch personnel to accomplish notification of all occupants in the event of emergency and to summon the fire department upon the discovery of a fire or emergency.**
