Location: 20 - 28th Street, Planning Area 1, Council District 1
Recommendation: Review and comment
Contact: J.P. Tindell, Park Planning and Development Services Manager, 808-1955

J.P. Tindell reviewed the item and public input process. Commissioner comments included the need for signage to direct dog owners to the off-leash dog park, given its close proximity to open space, other recreation amenities and the American River; status of including an equestrian facility in a future phase, and discouraging park use after dark. Citizens spoke to security, traffic and restroom use concerns; support for splitting the dog park into areas for large dogs vs. smaller dogs, and requested solar powered, timed lights for evening use. Director Jim Combs stated the park has a higher level of on-site security than any other city park, and the addition of positive park uses will help mitigate security concerns.

Mr. Terry Kastanis spoke to future public access concerns for the regional park, particularly if a zoo is located in the park, given a proposed development across Business 80 that may impede the creation of an interchange due to the lack of easements. Commissioners supported Chair Cooke in drafting a letter to the Mayor and City Council on this matter.

Action: Moved, seconded and supported to issue a letter to the Mayor and City Council recommending the provision of future connectivity to Business 80 suitable for a regional park facility, or to provide options that will allow for access and connectivity appropriate to a regional park and future zoo. (DeBlonk/Tamayo; Ayes: Raya, Deglow, Cooke, Lujan, Pomer, DeBlonk, Tamayo, Guadiana)

9. Burbank High School Joint Use Sports Complex

Commissioners and staff discussed overall plans for the district's high school sports fields; methods to reserve and the payment of any fees; concerns about field demarcations for football and how it affects soccer use on shared fields; public access; how to confirm the school district's long term commitment to joint use, and that public access between the light rail station on Florin Road and Burbank High School fields needs to be improved.

Action: Moved, seconded and carried to support the joint use partnership for the Burbank High School Sports Complex. (Guadiana/Raya; Ayes: Raya, Deglow, Cooke, Lujan, Pomer, DeBlonk, Tamayo, Guadiana)
