Subject: Fire Sprinkler Adequacy

Dear Mr. Yee,

Based on our meeting this morning regarding the adequacy and configuration of the sprinkler system for the new tenant spaces, Mark III has reviewed the proposed layout. Mark III has consulted with our design team and our field installers, who did the original installation, and we have determined that based on the layout shown in the drawings dated September 20, 2004, from your office, that the layout and adequacy is sufficient for the intended purposes.

If you have any questions, or would like to discuss the matter further, please contact Mark III at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "Philip Pizzo", is written over the typed name and title.
