

MEMORANDUM

SUBJECT: Design Review and Preservation Board

Would you please extend the period for accepting applications for the Design Review/Preservation Board? It seems that there was a mix-up in the City Clerk's Office and the letters going out to interested organizations and individuals in the City of Sacramento were not sent. ~~out~~.

Dick Hastings has received many complaints and feels that it would be inappropriate to make the appointments without a better job of advertising the vacancies.

Dick Hastings will take care of legally extending the period for the present Architectural Review and Preservation Boards to remain in tact until the appointments can be made.
