G&A Job No. 04-025

Dear Mr. Dawari:

Today, at your request, a survey crew under my direction field-located the forms that you have placed for the construction of a foundation on the subject property. The forms for your 30'X48' foundation are located at 5.0 feet from the side property lines, with a minimum front setback from the right-of-way line of Bell Avenue of 21.1 feet, and a minimum back yard setback of 20.4 feet. These measurements are rounded to the nearest tenth of a foot. The property lines were established from existing survey monuments located in the centerlines of Balsam Street and Bell Avenue. These monuments fit the dimensions shown on the 1911 Plat of Young's Heights and a Record of Survey map that I prepared in 1986 recorded in Book 41 of Surveys at Page 10.
