Transportation and Community Development Committee
Sacramento, California

Honorable Members in Session:

SUBJECT: Truxel Road Bike Lanes - Adoption of a Resolution to Prohibit Parking on the East and West Sides of Truxel Road Between West El Camino Avenue and Garden Highway

SUMMARY

This report recommends that the City Council adopt a resolution to eliminate parking, pursuant to City Code Section 25.101, on the east and west sides of Truxel Road from West El Camino Avenue to Garden Highway. This parking removal will accommodate the addition of on-street bike lanes as shown on the City's Bikeway Masterplan and as proposed in the 1988 South Natomas Community Plan.

BACKGROUND INFORMATION

Truxel Road is designated as a major street in the 1988 South Natomas Community Plan (Exhibit A). Currently, the roadway consists of two through travel lanes in the north and south directions while accommodating parking on both the east and west sides of the street.

The installation of bike lanes on Truxel Road is consistent with the 1988 South Natomas Community Plan and the City's Bikeway Masterplan. The addition of bike lanes will require the removal of parking on both the east and west sides of the roadway. In order to remove the parking, City Council must adopt the attached resolution, in accordance with City Code Section 25.101.

FINANCIAL DATA

There are sufficient funds in the Transportation Division's operating budget to cover the cost of installing "No Parking" signs and the restriping of the roadway.

POLICY CONSIDERATIONS

This report and the attached resolution are submitted in accordance with City Code Section 25.101 which prohibits standing or parking vehicles upon any streets described in resolutions adopted by the City Council.

MBE/WBE EFFORTS

There is no MBE/WBE impact related to this matter.
