APPLICATION: Lot Line Adjustment

LOCATION: Southeast corner of Elvas Avenue and 66th Street

PROPOSAL: The applicant is requesting the necessary entitlements to merge three lots into one for future development

PROJECT INFORMATION:

1874 General Plan Designation: Industrial  
1963 East Sacramento Community  
Plan Designation: Heavy Commercial/Industrial  
Existing Zoning of Site: M-1  
Existing Land Use of Site: Vacant

Surrounding Land Use and Zoning:

North: Warehouse, industrial; M-1  
South: Parking lot, restaurant; M-1  
East: Warehouse, industrial; M-1  
West: Warehouse, industrial; M-1

Property Dimensions: Irregular  
Property Area: 0.3+ acres

PROJECT EVALUATION: Staff has the following comments regarding this proposal:

- A. The subject site consists of three vacant lots totaling 0.3+ acres in the Light Industrial (M-1) zone. At some point in the past, Lots 73, 74 and 75 were merged with the County Assessor for the convenience of sending out one tax bill. The site was given one parcel number (APN 008-0392-014). The applicant is now requesting a lot line adjustment to legally merge these three lots into one in order to construct a building on the site. Planning staff has no objection to this request.
- B. The proposal was reviewed by the City Engineering, Traffic Engineering, Water and Sewer, and Real Estate Divisions. They had no objections to the proposed lot line adjustment. Engineering and Traffic Engineering request that all existing frontage improvements and area behind the sidewalk for future improvements be dedicated to the City for public right-of-way at this time.

ENVIRONMENTAL REVIEW: The proposed lot line adjustment is exempt from environmental review pursuant to State EIR Guidelines [CEQA Section 15305(a)].

RECOMMENDATION: Staff recommends that the Commission approve the proposed lot line adjustment by adopting the attached resolution.
