Subject: APPOINTMENT OF A CABLE COMMISSION ALTERNATE

AUG 13 1985

Councilwoman Lynn Robie resigned her position as Cable Television Commissioner after several years of dedicated and valuable service. She will be greatly missed at our regular Commission meetings, and she deserves "a job well done."

Councilman Grantland Johnson, formerly an alternate to the Commission, is now serving as the Commissioner and doing an excellent job. As you know, due to resignations from the Commission, there are only six members, five of which are required for a quorum and to conduct business. Therefore, I urge that the City Council consider appointing an alternate in the unlikely event that one of the permanent City Commissioners are unable to attend due to their busy schedules. This will help ensure that the Commission will have the necessary five members present to conduct business.

Your action on this matter would be greatly appreciated.
