C. S. FERRIS  
Building Engineer

Planning Commission  
City of Sacramento  
City Hall  
915 I Street  
Sacramento, California 95814

Gentlemen:

This is a request for an extension of the Special Use Permit granted to The Pacific Telephone and Telegraph Company September 27, 1966, allowing the establishment of an off-street parking facility to serve our existing office at 2216 Stockton Boulevard, Sacramento.

Our building plans at this location have been deferred, and, at this time, we would like to extend the Special Use Permit for an additional year.

We will be pleased to have a representative appear before you to answer any questions you may have about this matter.

Please let us know the time and date when this request will be considered.

Your cooperation in this matter will be greatly appreciated.

Very truly yours,

Building Engineer
