RE: 1511 Nogales St., Sacramento - Rodney Rose

Dear Mr. Melanson:

Thank you for meeting with Rodney and I on June 15th at the above named property. The units, as you are aware, need attention and I will do everything within my power to assist. Unfortunately, I am dealing with a lot of uncooperative tenants that seem to like to have excuses so they don't have to pay rent. Anyway, I'm dealing with it.

In review, here are the items I'm showing that you want taken care of and apparently, need a permit for:

Unit A: Tub faucet valve leaking.

Flooring under bathroom sink needs to be replaced.

Might need smoke detector.

Unit B: No problems. But I need to check to see if he has a smoke detector.

Unit C: Slow leak at kitchen faucet - probably need washer replacement.

Again, not sure if smoke detector needs a battery.

Unit D: Shower faucet leak;

Bathroom sink faucet leak;

Smoke detector?

Unit E: Kitchen faucet leak - again probably can be handled with change of washer;

Broken outlet and missing cover plate.

Exposed electrical wires in kitchen.

No handles on shower valves;

Bathroom faucet leaks;

Bathroom sink faucet leaks;

Toilet leak at base.

Smoke detector?

Unit F: Empty - needs completely painted and readied.

Unit G: Oven was never lit by PG & E;
Broken outlet in living room;
Secure outlet in bathroom;
Bathroom faucet leak.

Unit H: Although not home when you were there (she rarely there), here is what I know...

Windows apparently are sticking from being painted.

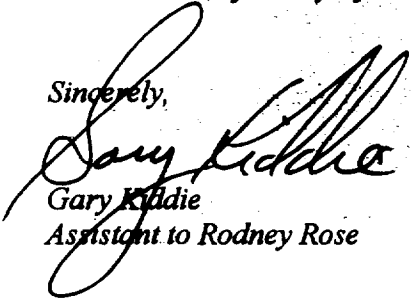

Stove needs to be hooked up (although she stated she didn't want it hooked up won't use)??

I am not sure how many furnaces work. My recommendation for over a year has been to replace all under floor units with wall units. My estimated costs for that particular project would be approximately \$4,000.00. Not pulling permits for this at this time.

The above items I feel can be handled in the range of \$200-300.00 depending upon whether valves have to be replaced or if the problems are simple washer changes and to what extent the flooring under A's bathroom sink is damaged.

In closing - just as a side note - as I'm sure is not of interest to you (your only concern is the building and I understand that), is the fact that I am having extreme difficulty getting cooperation from four of the tenants that David Wever (across street) had put in (A, D, E and H). Since posting the notice there seems to be a conspiracy to withhold rents, not let anyone in, and complain to the city. Compounded by their extreme hatred for Dave, I'm having trouble getting any cooperation. All but H (whom I'm trying to save) has been given Notices and one of those is scheduled for a lockout for Thursday, the 29th (E). I'm filing Unlawful Detainers on A and D within the next few days if Rodney gives me the filing fees).

Sincerely,

Gary Kiddle
