SAFCA ASSESSMENT VOTE FOR CITY OWNED PROPERTY

BACKGROUND

- A. The City’s top legislative priority is flood control and the safety of its citizens.
- B. The proposed SAFCA assessment would pay for the City’s share of the cost of a variety of improvements needed to achieve a 200-year level of flood protection for the Sacramento area.
- C. The City’s annual cost for the new assessment would be \$564,273. The City is currently paying an annual SAFCA assessment in the amount of \$136,407 which will be eliminated and replaced by the new assessment. Thus, the net increase in cost to the City for the new assessment would be \$427,866.
