Description/Analysis

Issue: The existing district is required by the California Streets and Highways Code to present an annual budget to City Council for approval. Approval of the district's annual budget will authorize the City to collect assessments in the amount sufficient to provide funding for maintenance of the landscaped areas adjacent to the parcels in this district for FY2008/09.

Policy Considerations: The annual proceedings for this district are being processed as set forth in the Landscaping and Lighting Act of 1972, California Streets and Highways Code sections 22500, et seq. This process is consistent with the City's Strategic Plan 3-Year Goal to "achieve sustainability and enhance livability".

Environmental Considerations: Under California Environmental Quality Act (CEQA) guidelines, annual proceedings of a Special District do not constitute a project, and are therefore exempt from review.

Committee/Commission: None

Rationale for Recommendation: The actions in the recommended Resolutions are required by the California Streets and Highways Code, as set forth in Section 22500 of the Landscaping and Lighting Act of 1972, for annual proceedings of an existing district.

Financial Considerations: This district is self-supporting and has no impact on the General Fund. The estimated budget for FY2008/09 is projected at \$18,593 (\$9,588 in assessments and \$9,005 from surplus) as shown on Exhibit B, page 10, and detailed in the Engineer’s Report on file with the City Clerk.

Emerging Small Business Development (ESBD): City Council approval of these proceedings is not affected by City policy related to the ESBD Program.
