MINUTES:

Solon "Doc" Wisham, Assistant City Manager, was present to discuss this matter. He explained that he received word from the media that, because of the proposal by a City Council member that the City regulate certain animals, there was going to be a demonstration of animals in the Council chambers. He said he recognized that the City had a deficiency in the City Code whereby there is no law prohibiting animals in City buildings, which could be a problem when you get several animals together in one place who don't know each other.

Committee member Bradley moved, Committee member Shore seconded, and it was unanimously agreed to approve the ordinance prohibiting animals in City buildings and forward to full Council.

The meeting was adjourned at 5:05 p.m.
