(P83-041))

NOTICE OF DECISION
AND
FINDINGS OF FACT

On June 14, 1983 the City Council held a hearing on the above referenced item. Based on documentary and oral evidence submitted at public hearing, the City Council denied the special permit, tentative map and variance based on the following findings of fact:

1. The proposed conversion is not consistent with the goals and policies of the Housing Element in that the vacancy rate is below the established minimum level for allowing the conversion of apartment units to condominiums. The applicant has proposed no measures which would effectively mitigate tenant displacement or the adverse impact on reduction of rental housing stock.
2. Adequate "comparable" replacement housing is not available for these tenants as indicated by the low vacancy rate in this planning area. The applicant's proposed replacement housing does not constitute "comparable" housing in terms of location.
