Re: 2' Staggered at Roof Sheathing
Christopherson Westlake IV

Dear Mr. Alexander:

This letter is written in response to a field question you brought to our attention on Oct. 28th, 2002. The question and our response are listed below:

Q. At Lot 284, there was a question on roof sheathing layout. Is it acceptable to have the adjacent roof sheathing panels stagger by 2 feet?

A: After reviewing the plan, staggering the adjacent panels by 2 feet is still acceptable.

If you have questions on any of the above, please contact our office.

Sincerely,

Ted Boonsue, Engineer
