Honorable Members in Session:

SUBJECT: PROPOSED LEGISLATION (AB 4085)

SUMMARY:

Existing law provides that pupils may be suspended from school or recommended for expulsion for the possession or use of tobacco products except as permitted on the campus of a high school by rules and regulations adopted by the governing board of the school districts.

This bill would repeal the authority of the governing board of any school district maintaining a high school to adopt rules and regulations permitting the smoking and possession of tobacco on the campus of a high school or while under the authority of school personnel by pupils of the high school.

BACKGROUND:

Existing California law prohibits adults from providing (selling or giving) any tobacco product to minors (under 18). However, a hypocritical situation exists because school boards can permit students to smoke on campus. When school boards allow student smoking they are simply encouraging violation of the law.

School sponsored smoking undermines the effectiveness of health education programs that schools provide. The mixed message says to students, "If tobacco really weren't good for me, they wouldn't let me smoke at school."

Research has substantiated the "gateway drug" concept of tobacco products...that is...that young people who use tobacco products have a greater tendency to use other drugs of the youth drug culture...marijuana, alcohol, cocaine, amphetamines, inhalents, barbiturates, etc.

March 20, 1986

A recent study by the California Department of Health Services indicates an 18% increase in smoking in the 18-19 year old age group. This is especially alarming as there is a decline in all other age groups. This increase has been since 1977, the same year legislation was passed permitting student smoking in the public schools.

RECOMMENDATION:

I strongly urge the Law and Legislation Committee to adopt a position for AB 4085 and tender a letter of support to each of our legislators and to the appropriate committees.

Sincerely,

JOHN P. KEARNS  
CHIEF OF POLICE
