The following responses are for comments related to the Plumbing Mechanical review with the attached revised plans. The items are as follows:

Item

- #1 - We have located all existing supply and return registers inside our construction scope. We have also shown the new location of where we plan on installing them.
- #2 We are only moving the existing supply and return registers to a new location. We are not adding or deleting any mechanical system.
- #3 No new Mechanical is being added, so no Title 24 is needed.

If you should have any further questions with regards to this letter then please contact our office.

Respectfully Yours,

Norm Silliman,
Project Manager
