APPLICANT	Cooper, Thorne & Associates, 3233 Monier Cr. Ste #1 Rancho Cordova 95742		
OWNER	D.V. Calaway, P.O. Box 986, Eolsom CA 95630		
PLANS BY	Cooper, Thorne & Associates		
FILING DATE	7-11-90	ENVIR. DET	Negative Declaration
ASSessor's PCL. NO.	049-0151-009		
REPORT BY	DCS:df		

- APPLICATION:**
- A. Negative Declaration;
 - B. Tentative Map to divide 3.56+ partially developed acres into 17 single family lots in the Standard Single Family (R-1) zone;
 - C. Lot Line Adjustment to relocate the common property lines between two partially developed parcels totaling 6.73+ acres in the Standard Single Family (R-1) zone; and
 - D. Subdivision Modification to create one lot greater than 160 feet deep.

LOCATION: 7505 24th Street

PROPOSAL: The applicant is requesting a tentative subdivision map to subdivide 3.56+ partially developed acres into 17 single family lots in the Standard Single Family (R-1) zone.

PROJECT INFORMATION:

General Plan Designation:	Low Density Residential (4-15 du/na)
Airport-Meadowview Community Plan Designation:	Residential (4-8 du/na)
Existing Zoning of Site:	R-1
Existing Land Use of Site:	Little League field

Surrounding Land Use and Zoning:	Setbacks:	Required	Provided
North: Single Family Residential; R-1	Front:	25'	Required
South: Single Family Residential; R-1	Side(Int):	5'	setbacks
East: Single Family Residential; R-1	Side(St):	12.5'	to be
West: Single Family Residential & Church; R-1 & R-1A	Rear:	15'	provided

Property Dimensions:	Irregular
Property Area:	3.56+ acres
Density of Development:	5 d.u. per acre
Topography:	Flat

Street Improvements:
Utilities:

Existing
Existing

SUBDIVISION REVIEW COMMITTEE RECOMMENDATION: On November 21, 1990, by a vote of five ayes and three absent, the Subdivision Review Committee voted to recommend approval of the tentative map subject to conditions of approval listed below.

PROJECT EVALUATION: Staff has the following comments:

A. Land Use and Zoning

The subject site consists of 3.56+ partially developed acres in the Standard Single Family (R-1) zone. The General Plan designates the subject site as Low Density Residential (4-15 du/na). The Airport-Meadowview Community Plan designates the site Residential (4-18 du/na). The surrounding land use and zoning for the subject site are residences in the Single Family Residential (R-1) zone.

B. Applicant's Proposal

The applicant is requesting a tentative map to subdivide 3.56+ partially developed acres into 17 single family lots in Standard Single Family (R-1) zone. In addition to the tentative map, a lot line adjustment is proposed and a subdivision modification is requested.

C. Staff Analysis

Site Design and Lot Layout - The subdivision would create 17 single family lots. The single family lots range from 5300 to over 7000 square feet in size.

Willow Rancho Little League - The subject property is adjacent to Willow Rancho Little League property. The little league has two baseball diamonds on their property. A third diamond is located on the subdivision site. The third diamond will be eliminated with this subdivision. The developing owner has allowed the little league free use of the property lent, is now reclaiming it for the subdivision. Minor lot line adjustments are also requested between the properties to allow the development to meet the City's required street and lot dimensions.

The little league will need to relocate their remaining two diamonds on their property. The developer has offered the little league assistance to compensate for any inconveniences.

Lot Line Adjustment - The lot line adjustment will provide 10 feet of street width for 24th Street. The gravel road, now used to provide access to the existing house on the site, will be merged into the adjacent little league property. Other lot lines will be adjusted to provide the appropriate alignment of the proposed Flores Way.

Subdivision Modification - A subdivision modification is required for Lot 13 as it will exceed the 160 foot maximum lot depth for residential properties. Lot 13 would have the potential of deep lot development, which requires approval of a special permit.

ENVIRONMENTAL DETERMINATION: The Environmental Services Manager has determined that the project, as proposed, will not have a significant impact on the environment; therefore, a Negative Declaration has been prepared. The mandatory mitigation measures listed below shall be incorporated into the project to reduce potential environmental impacts to below a level of significance.

RECOMMENDATION: Staff recommends the Planning Commission take the following actions:

- A. Ratify the Negative Declaration:
- B. Recommend approval of the tentative map to divide 3.56+ partially developed acres into 17 single family lots in the Standard Single Family (R-1) zone and forward to the City Council;
- C. Approve the lot line adjustment to relocate the common property lines between two partially developed parcels totaling 6.73+ acres in the Standard Single Family (R-1) zone; and
- D. Recommend approval of the subdivision modification to create one lot greater than 160 feet deep and forward to the City Council.

Conditions - Tentative Map

- 1. Provide standard subdivision improvements pursuant to Section 40.811 of the City Code;
- 2. Prepare a sewer and drainage study for the review and approval of the City Engineer;
- 3. Pursuant to City Code Section 40.1302 (parkland dedication), the applicant shall submit to the City an appraisal of the property to be subdivided and pay the required parkland dedication in-lieu fees. The appraisal shall be dated not more than 90 days prior to the filing of the final map;
- 4. Pursuant to City Code Section 40.319-1, the applicant shall indicate easements on the final map to allow for the placement of centralized mail delivery units. The specific locations for such easements shall be subject to review and approval of the City Engineer after consultation with the U.S. Postal Service;
- 5. Submit a soils test prepared by a registered engineer to be used in street design;
- 6. Dedicate right-of-way along 24th Street to 40 feet half section. An additional ten feet is required;
- 7. Lot Line Adjustment between Willow Rancho Little League and this parcel shall be recorded prior to filing Final Subdivision Map. Relocate lot line along east edge of Willow Rancho Little League parcel to provide minimum 200 feet between Flores Way (north-south) and the west property line of the cul-de-sac. Remainder to west of cul-de-sac shall be included with parcel to west;

8. Dedicate a standard 12.5-foot public utility easement for underground and public utility facilities and appurtenances adjacent to all public ways;
9. Provide an Irrevocable Offer of Dedication (I.O.D.) to provide at "T" intersection on Flores Way at the cul-de-sac. Temporary improvements along lots 12 & 13 may be allowed provided drainage is adequately addressed;
10. Notice: Property to be subdivided in accordance with this map may be subject to flooding. Interested parties should ascertain whether and to what extent such flooding may occur. The applicable base flood elevations for the property should be reviewed. Base flood elevations are contained in the U.S. Army Corps of Engineers Flood Insurance Study Working Map for the Sacramento Community, dated January 1989, available at the City of Sacramento's Public Works Department, Development Services Division, Room 100, 927 10th Street.
11. Building setback for Lot 13 shall be measured from the I.O.D. or right-of-way as appropriate.

Conditions - Lot Line Adjustment

1. File a Certificate of Compliance, submit all required documents according to the submittal requirements checklist and pay necessary fees;
2. File a waiver of parcel map; and
3. Notice: Property to be subdivided in accordance with this map may be subject to flooding. Interested parties should ascertain whether and to what extent such flooding may occur. The applicable base flood elevations for the property should be reviewed. Base flood elevations are contained in the U.S. Army Corps of Engineers Flood Insurance Study Working Map for the Sacramento Community, dated January 1989, available at the City of Sacramento's Public Works Department, Development Services Division, Room 100, 927 10th Street.

Mandatory Mitigation Measures

- A. Require construction contractors to implement a dust abatement program that will reduce the effect of construction on local PM levels in the vicinity of construction zones. Elements of this program should include the following:
 1. Sprinkle all unpaved construction areas with water at least twice per day during demolition and excavation to reduce dust emissions. Additional watering should be carried out on hot or windy days. Watering could reduce particulate emissions by about 50%.
 2. Cover stockpiles of sand, soil, and similar materials with a tarp.
 3. Cover trucks hauling dirt and debris to reduce spillage onto paved surfaces.
 4. Sweep up dirt or debris spilled onto paved surfaces immediately to reduce resuspension of PM 10 through vehicle movements over these surfaces.

5. Increase the frequency of City street cleaning along streets in the vicinity of construction site.
 6. Require construction contractors to designate a person or persons to oversee the dust abatement program and to order increased watering, as necessary.
- B. Developer will replace the two fig trees located within the path of Flores Way (See Attachment C, Site Plan) with two 15 gallon trees on site prior to issuance of any building permits.
- C. All exterior lighting will be directed away from or properly shaded to eliminate glare on existing residential uses and oncoming traffic.
- D. The applicant will comply with the following State regulation:
1. Section 65-019 of the California Labor Code requires developers to identify all asbestos containing materials in existing building prior to demolition or renovation.
 2. If asbestos containing materials are identified on the project site, the applicant will determine the quantity of material to be removed and comply with the following applicable State and Federal regulations:
 1. California Occupational Safety and Health Administration (CAL-OSHA) work safety standards must be applied to any demolition or renovation of structures that contain more than 100 square feet of asbestos containing materials. Specific standards are provided by CAL-OSHA (San Francisco Office: (415) 974-7633).
 2. Environmental Protection Agency (EPA) National Air Emission Standards must be applied to any demolition or renovation of structures than contain more than 160 square feet or 260 linear feet of asbestos containing materials. Specific information is provided by EPA (San Francisco Office: (415) 974-7633).

RESOLUTION NO.

ADOPTED BY THE SACRAMENTO CITY PLANNING COMMISSION
ON DATE OF

APPROVING A LOT LINE ADJUSTMENT TO ADJUST THE COMMON PROPERTY LINE OF ALL THAT PORTION OF 7505 24TH STREET AS DESCRIBED IN EXHIBITS A,B AND C ATTACHED HERETO.

(049-0151-009) (P90-313)

WHEREAS, the Planning Director has submitted to the Planning Commission a report and recommendation concerning the lot line adjustment for property located at 7505 24th Street; and

WHEREAS, The Environmental Services Manager has determined that the project, as proposed, will not have a significant impact to the environment; therefore, a Negative Declaration has been prepared pursuant to State EIR Guidelines; and,

WHEREAS, the lot line adjustment is consistent with the General Plan and 1984 North Sacramento Community Plan and the proposed lot line adjustment conforms with the plan designations;

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Sacramento:

that the lot line adjustment for property located at 7505 24th Streete, City of Sacramento, be approved as shown and described in Exhibits A, B and C attached hereto, subject to the following conditions:

The applicant shall complete the following at the Public Works Department, Development Services Division, prior to a lot line adjustment being recorded:

1. Applicant shall complete the following at the Public Works Department, Development Services Division, prior to recordation of the Lot Line Adjustment;
2. File a waiver of parcel map; and,
3. Notice: Property to be reconfigured in accordance with this lot line adjustment may be subject to flooding. Interested parties should ascertain whether and to what extent such flooding may occur. The applicable base flood elevations for the property should be reviewed. Base flood elevations are contained in the U.S. Army Corps of Engineers Flood Insurance Study Working Map for the

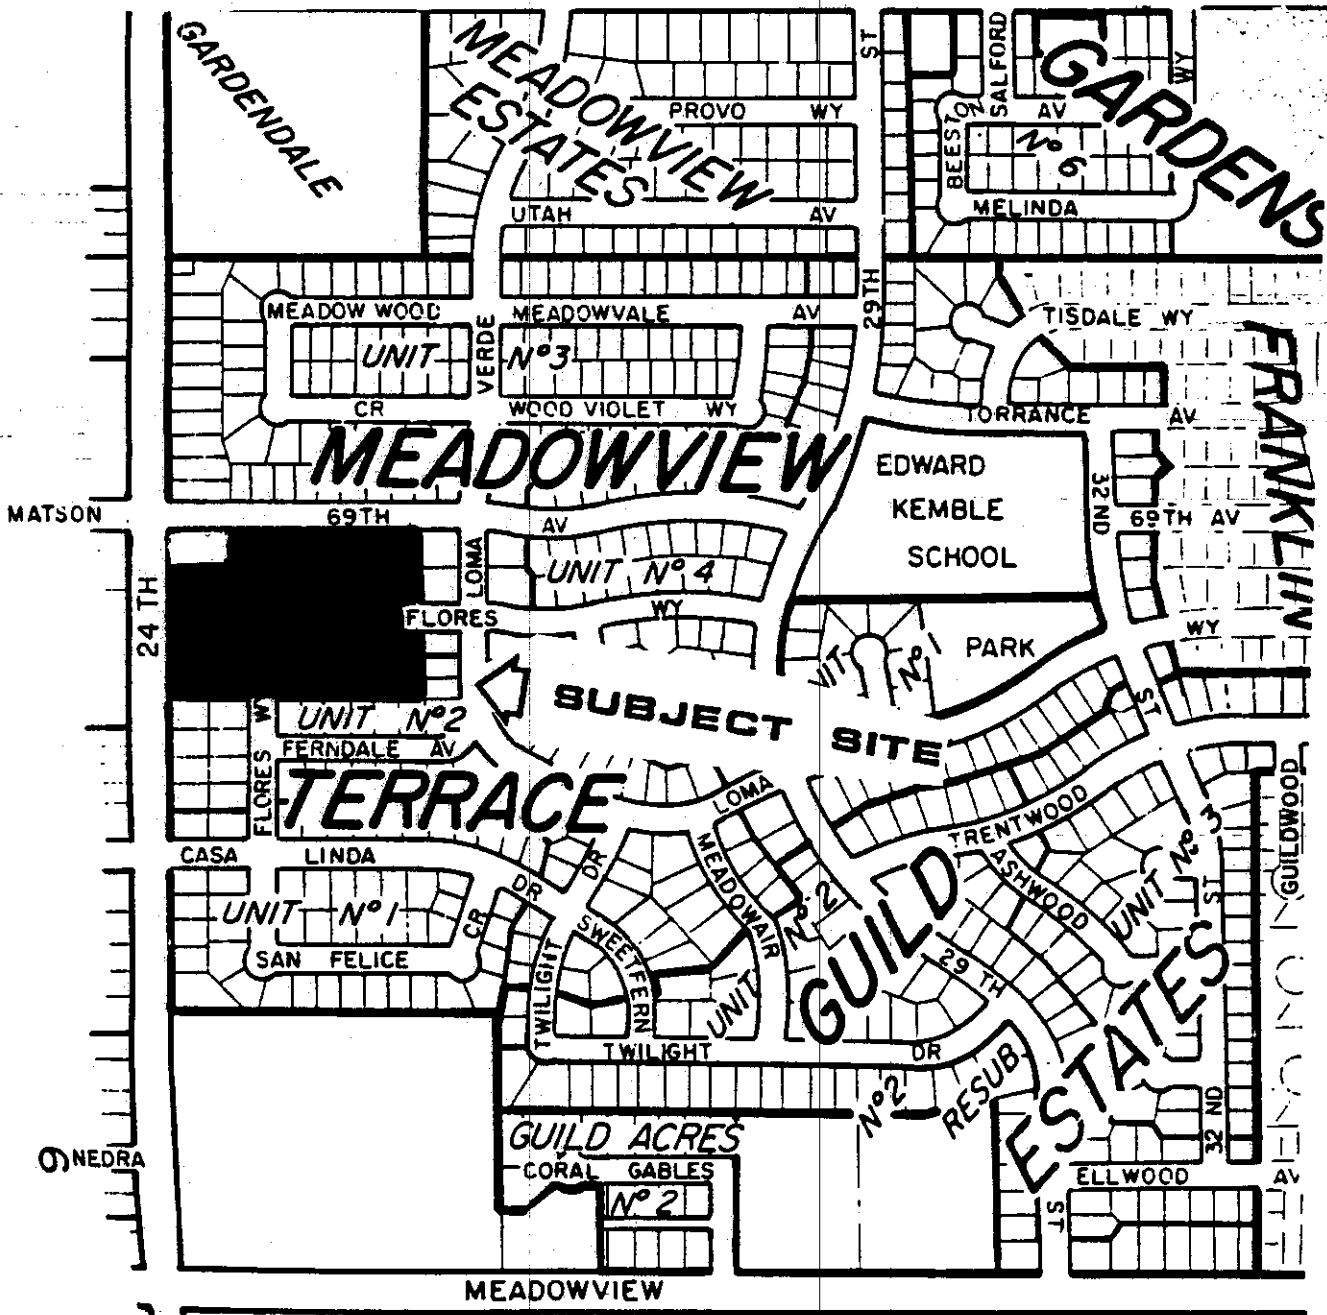

Sacramento Community, dated January 1989, available at the City of Sacramento's Public Works Department, Development Services Division, Room 100, 927 10th Street;

LEGAL DESCRIPTION

LOT LINE ADJUSTMENT
Proposed Parcel A
(A.P.N. 49-151-09)

All that real property situate in the City of Sacramento, County of Sacramento, State of California, described as follows:

All that portion of the South one-half of Section 6, Township 7 North, Range 5 East, M.D.M., described as follows:

Beginning at a point in the southerly line of Lot 15 of Garden-dale as said lot is shown and so designated on that certain map recorded in the office of the County Recorder of Sacramento County in Book 10 of Maps, Map No. 23, from which the southwesterly corner of said Lot 15 bears North $88^{\circ}42'30''$ West 678.00 feet distant; thence, from said point of beginning, along the southerly line of said Lot 15, North $88^{\circ}42'30''$ West 152.03 feet; thence, leaving said southerly line, along the arc of a tangent curve to the right, concave northeasterly, said arc having a radius of 40.00 feet through a central angle of $120^{\circ}44'43''$ for an arc length of 84.30 feet, said arc being subtended by a chord which bears North $28^{\circ}20'08''$ West 69.54 feet; thence, along the arc of a tangent curve to the left, concave westerly, said arc having a radius of 30.00 feet through a central angle of $31^{\circ}44'13''$ for an arc length of 16.62 feet, said arc being subtended by a chord which bears North $16^{\circ}10'07''$ East 16.41 feet; thence, North $00^{\circ}18'00''$ West 110.30 feet; thence, along the arc of a tangent curve to the left, concave southwesterly, said arc having a radius of 20.00 feet through a central angle of $96^{\circ}44'20''$ for an arc length of 33.77 feet, said arc being subtended by a chord which bears North $48^{\circ}04'11''$ West 29.90 feet; thence, North $52^{\circ}04'27''$ West 214.34 feet; thence, North $00^{\circ}18'00''$ East 18.00 feet; thence, North $88^{\circ}42'30''$ West 105.00 feet; thence, North $00^{\circ}18'00''$ East 110.00 feet to a point in the southerly right-of-way line of 69th Avenue; thence, along said right-of-way line, South $88^{\circ}42'30''$ East 478.00 feet; thence, leaving said right-of-way line, South $00^{\circ}18'00''$ West 462.00 feet to the point of beginning, containing 3.071 acres of land, more or less.
