R. H. PARKER
CITY ENGINEER
J. F. VAROZZA
ASSISTANT CITY ENGINEER

March 4, 1981

City Council
Sacramento, California

Honorable Members in Session;

SUBJECT: Resolution Authorizing the City Manager to Execute an Amendment to the Existing Engineering Agreements with The Spink Corporation for the Improvement of R Street from 2nd to 10th Street

SUMMARY:

This report recommends that the City Manager be authorized to execute an amendment to the existing engineering agreements with The Spink Corporation for the Improvement of R Street from 2nd to 10th Street.

BACKGROUND:

During 1980 the City contracted with The Spink Corporation for several improvement projects in Redevelopment Project Area 4. It was decided after these plans had been started to consolidate all of these plans into one large contract because of the advantage of better unit prices on larger size projects. These plans included the improvement of R Street and the adjacent cross streets. The plans were essentially completed when several hearings were held before Redevelopment Agency committees, Redevelopment Agency Commission and the Planning and Community Development Committee. These hearings caused a significant change in the proposed plans for R Street and cross streets which will necessitate a change in the various engineering agreements with The Spink Corporation. Also, after inspecting the existing brick sewer on R Street, it was decided to replace this sewer with a new line while the street was torn up as part of the overall R Street Improvement.

The proposed changes in R Street and the engineering connected with the replacement of the existing brick sewer will amount to an additional engineering cost of \$29,700.

FINANCIAL:

Funds are available in the City Engineer's Budget and will be fully recovered from the Redevelopment Agency.

APPROVED
BY THE CITY COUNCIL

OFFICE OF THE
CITY CLERK

RECOMMENDATION:

It is recommended that the City Manager be authorized to execute an amendment to the existing engineering agreements with The Spink Corporation for the Improvement of R Street from 2nd to 10th Street by passage of the attached resolution.

Respectfully submitted,

R. H. PARKER
City Engineer

Recommendation Approved:

Walter J. Slupe, City Manager

RESOLUTION No. 81-166
