Additional Information The applicant proposes to relocate the common property line between two parcels in order to provide more clearance between existing structures and the fence line. The interior property line will be rotated approximately 45 feet to the north. The Zoning Ordinance and Building Code do not permit structures to cross property lines.

Agency Comments

The proposed project has been reviewed by the City Utilities Department, the Building Division, and the Public Works - Transportation and Engineering Planning Divisions. The comments received pertaining to the lot line adjustment have been included as conditions.

Environmental Determination

This project will not have a significant effect on the environment and is exempt from environmental review pursuant to State EIR Guidelines {California Environmental Quality Act, Section 15305(a)}.

Conditions of Approval:

1. File a Certificate of Compliance, submit all required documents according to the submittal requirements checklist, and pay necessary fees. (Public Works)
2. File a waiver of Parcel Map. (Public Works)
3. Pay off or segregate any existing assessments. (Public Works)
4. Drainage across parcel lines is not allowed. Either the parcels must be graded so that drainage does not cross property lines or a private reciprocal drainage easement must be recorded. The private reciprocal drainage easement must be recorded at the time of the recording of the Certificate of Compliance.
5. Show all existing easements on the exhibit map.
6. The proposed development is located within Sacramento Sanitation District No.1. Contact the Regional Sanitation District for sanitary sewer conditions.

Findings of Fact:

1. The lot line adjustment is consistent with the General Plan and the South Natomas Community Plan which designate the site for Low Density Residential (4-15 du/na) and Low Density Residential (4-8 du/na) respectively.
2. All existing streets and/or utility easements of record are reserved. The lot line will not result in the abandonment of any street or utility easement of record.
3. The lot line adjustment will not eliminate or reduce in size of the access way to any resulting parcel or the application is accompanied by new easements to provide access which meet all the City requirements regarding access to parcels in the location and of the size as those proposed to be created.
4. The resulting parcel conforms to the requirements of this Subdivision Ordinance, Chapter 40, the City's General Plan, the City's Comprehensive Zoning Ordinance, and the City's Building Code.
