SUBJECT: Extension of Maintenance Agreements

SUMMARY

Various departments are requesting the extension of the lease purchase and maintenance contracts for data processing hardware with Sperry Corporation. The total annual amount for the equipment presently in place is \$350,977.00.

BACKGROUND INFORMATION

Over the past years, various departments have been acquiring Sperry data processing equipment through lease purchase arrangements or through outright purchases. All of this equipment requires annual maintenance contracts available only through Sperry Corporation to insure system integrity. Both the lease purchase and maintenance agreements are renewed at the beginning of each fiscal year pending approval by the appropriate authority.

FINANCIAL DATA

The sources of funding are each of the using departments' current fiscal year budgets.

RECOMMENDATION

It is therefore recommended that, pursuant to Section 57.401(c) of the Sacramento City Code, the City Council adopt a resolution suspending formal competitive bidding and authorize the City Manager to extend the lease purchase and maintenance contracts with Sperry Corporation in the amount of \$350,977.00 and authorize the City Manager to increase the contract amount not to exceed 5% to cover any additional equipment ordered throughout the current fiscal year.
