Budget and Finance Committee
Sacramento, California

Honorable Members in Session:

SUBJECT: Florin Reservoir Park - Street Improvements

SUMMARY

This project will add curbs, gutters and street frontage improvements to the Power Inn Road side of Florin Reservoir Park, in conformance with the 1984 Master Plan of Park Facilities and Community Development Plans. The project is estimated to cost \$42,000 and will be paid from the Water Fund.

BACKGROUND

The Florin Reservoir Park is a 16 acre community park located at 53rd Avenue and Power Inn Road. The park consists of a lighted soccer field, open space, tot lot area, picnic facilities and parking area. In order to facilitate traffic movement in and out of the park to Power Inn Road, curb, gutter and sidewalk improvements are required.

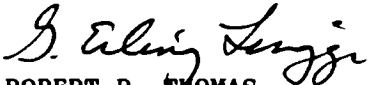

FINANCIAL

It is estimated that \$42,000 will be required to complete the street improvements from Water Funds (413).

RECOMMENDATION

It is recommended that \$42,000 in Water Funds (413) be included in the 1986-87 CIP Parks and Community Services Program for Florin Reservoir Park - Street Improvements.

Respectfully submitted,

for - 

ROBERT P. THOMAS
Director of parks and Community Services
