RECOMMENDATION

It is recommended that the award of contract to M & M Electric, low bidder for this project, be delayed until June 24th, 1980, which is the date set for the Hearing on the Engineer's Report and Confirming the Assessment. In the event there is a majority protest at the Hearing objecting to the proposed work and assessment, the Council may not wish to proceed with the project by not awarding the contract and will wish to rescind all proceedings taken to that point.
