2. Median Strip Master Plan (D-All).

RECOMMENDATION OF STAFF: RECOMMEND APPROVAL AND
FORWARD TO COUNCIL

REPORT(S) BACK: FINANCIAL PLAN
PRIORITY SCHEDULE FOR MEDIANS

COMMITTEE ACTION: APPROVE STAFF RECOMMENDATION
AND FORWARD TO COUNCIL

VOTING RECORD: MOV: D-2, SEC: D-1
AYES: D-8, D-2, D-1
ABSENT: D-7

MINUTES:

Mr. Robert Thomas reported that the Median Strip Master Plan is a joint effort between the Public Works Department and the Parks and Community Services Department. Mr. Thomas stated that the main issues are the conservation of water, public opinion, and cost. Mr. Thomas stated that the City does not have any standard median requirements, and the major change in the Median Strip Master Plan will be to go with hard surface and ground cover instead of fully landscaped medians. Therefore, staff is recommending that the Committee adopt criteria and direct staff to come back with report on the financial plan, and a priority schedule of medians.

Mr. Bob Lee, Street Division Manager, reported on the impact of irrigation runoff causing deterioration of the street paving. Mr. Lee added that water damage to the streets can reduce life to about 1/3. Mr. Lee stated that the Street Division will be working closely with Parks and Community Services to select different types of materials for the median strips in order to give the streets of Sacramento a variety of designs.
