December 9, 1998

City Council  
Sacramento, California

Honorable Members in Session:

**SUBJECT:** Request to enter into an agreement with Digital Equipment Corporation in the amount of \$635,100.

**LOCATION AND COUNCIL DISTRICT:**

City-wide.

**STAFF RECOMMENDATION:**

It is recommended that the City Council adopt the attached resolution authorizing the City Manager, or his designee, to enter into an agreement with Digital Equipment Corporation (DEC) in the amount of \$635,100.00.

**CONTACT PERSON:**

Captain Scott LaCrosse, Project Manager  
Data Services Section, Police Department  
(916) 264-7047

**FOR COUNCIL MEETING OF:** December 15, 1998

**SUMMARY:**

- The City Council approved the use of informal competitive processes to acquire the new Police Automated Information System in Resolution 96-632.
- The Police Department has selected DEC to provide required services for the Automated Information System.

*The mission of the Sacramento Police Department is to work in partnership with the Community to protect life and property; solve neighborhood problems, and enhance the quality of life in our City.*

City Council  
RE: Acceptance of the Contract with DEC  
December 9, 1998  
Page 2

- The Police Department has negotiated a contract with DEC for Phase I of the project. This contract requires DEC to test and certify the Police Department's chosen software, identify any modifications required to meet Police Department needs, and provide an overall system design for Phase II (implementation).

### **BACKGROUND:**

In late 1996 the Sacramento Police Department was awarded a COPS MORE '96 grant to implement a mobile technology integration project. Specifically, the grant calls for the replacement of the Police Department's Records Management System (RMS) and Computer Aided Dispatch (CAD) system, and the addition of laptop computers for mobile computing and report writing.

On November 19, 1996, the Council passed resolution 96-632 authorizing the suspension of formal competitive bidding in favor of the use of informal competitive processes and/or negotiations to develop the necessary contracts for implementation of the mobile technology integration project. The Police Department subsequently released a Request for Information and received eighteen responses. Police Department staff also evaluated all known public safety software vendors based on pre-established criteria and selected three potential software providers. These three vendors were sent a General Requirements Document and submitted written responses. Each of the three vendors conducted a three day demonstration for City staff. The clear majority of the users present at the demonstrations selected Vision Software. Police Department technical staff concurred with this assessment.

Potential prime contractors with expertise in the hardware platform and operating system used by Vision were evaluated and DEC was chosen. In Phase I of this project, DEC will test and evaluate the software, determine necessary modifications to the vendor's "off the shelf" commercially available product, and provide an overall system design for Phase II (implementation). Staff will return to Council with another report for Council review and approval prior to entering into the implementation contract.

### **FINANCIAL CONSIDERATIONS:**

The total cost for these services is \$635,100.00. Funding will come from the 1996 COPS MORE Technology Grant.

### **ENVIRONMENTAL CONSIDERATIONS:**

This proposal does not constitute a "project" and is therefore exempt from the California Environmental Quality Act according to CEQA guidelines Section 15061(b)(1) and 15378(b)(3).

City Council  
RE: Acceptance of the Contract with DEC  
December 9, 1998  
Page 3

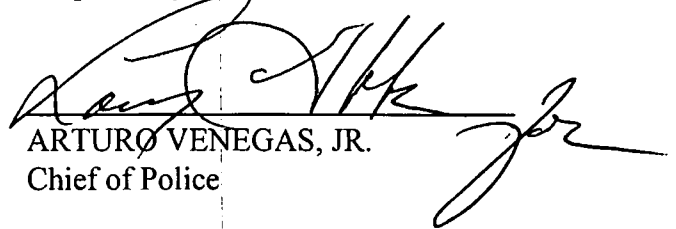

**POLICY CONSIDERATIONS:**

The selection process utilized is consistent with the City Council's policy direction. Expenditure of grant funding for the purpose proposed is consistent with the terms under which the Council accepted the funds.

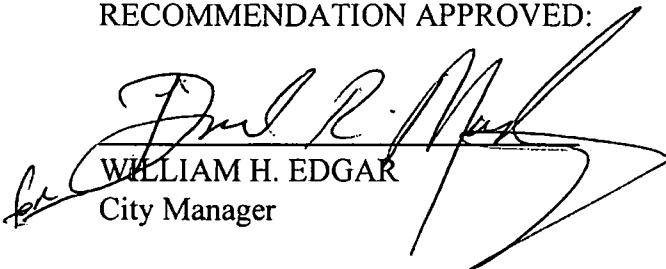

**MBE/WBE EFFORTS:**

Staff evaluated all known public safety software vendors against predetermined objective criteria. None of the three finalist firms were MBE/WBE certified. Digital Equipment Corporation is a wholly-owned subsidiary of the Compaq Corporation, a publically traded firm that does not qualify for City MBE/WBE certification.

Respectfully Submitted,

  
ARTURO VENEGAS, JR.  
Chief of Police

RECOMMENDATION APPROVED:

  
WILLIAM H. EDGAR  
City Manager
