REQUEST TO ESTABLISH NEW CLASS:
Police Detective

Request of Sacramento City Employees'

Association for establishment of new

civil service class of Police Detective,

as contained in letter to the Board dated May 10, 1961, was presented to the Civil Service Board.

Reasons for the request were outlined by Kenneth Wright, Executive Secretary of the Employees' Association, and provisions of Section 4.4 of Civil Service Board rules and regulations were cited to show the necessity of establishing Detective as a separate class rather than an "assignment".

M. F. Faig, Assistant City Manager, outlined present policies of the city, and explained the procedures which would be followed if the Civil Service Board were to establish such a class, to be filled on a promotional basis.

Further recommended that the present policy of assigning Patrolman to the Detective Division, with a one-step premium in pay, be continued, since it permitted the department to rotate Patrolmen in various divisions of the department as deemed necessary in the interest of efficient operation of the department.

The subject was discussed further by members of the Council Civil Service Committee, the Personnel Officer, and Mr. Wright of the Employees' Association.

Motion was made by Mr. Genshlea that the request to the Board for the establishment of a separate civil service class of Police Detective, by the Employees' Association, be denied. Motion was seconded by Mr. Street and carried by the following vote:

REQUEST TO ESTABLISH NEW CLASS
Police Lieutenant

The subject of the request by the
 Sacramento City Employees' Association

for establishment of an additional supervisory level class of Police Lieutenant in the Police Department was considered. Secretary advised that at the last meeting of the Civil Service Board held June 7, 1961, the subject was to be referred to the Council Civil Service Committee and the administration since it would involve a reorganization of the Police Department to properly create such a new class.

The recommendation made by Public Administration Service on July 1, 1959, wherein a Lieutenant class would have been established was discussed at length by board members and the Assistant City Manager. This recommendation, which would have had the effect of re-titling the Police Captains as Police Lieutenants,

Police Lieutenant

was not adopted due to the strenuous objections of the Captains in the Police Department.

The subject was discussed generally by the board members, the council committee members, the Assistant City Manager, Personnel Officer, and Mr. Wright of the Employees' Association. Motion was made by Mr. Genshlea that the request for the establishment of a new class of Police Lieutenant be tabled, until such time as action may be taken by the administration to change the organizational structure of the Police Department which might make such a new class necessary. Motion seconded by Mr. Street and carried by the following vote:

AYES: Members Genshlea, Street, and Grebitus
