Honorable Members in Session:

SUBJECT: Recommendation of Bid Award for S & T Street Conversion (One Way to Two Way)

SUMMARY:

The subject project, as a part of the City's Capital Improvement Program, has been advertised for bids. Bids have been received and the City Engineer hereby recommends bid award.

BACKGROUND:

On August 18, 1981 the City Council approved plans and specifications for S & T Street Conversion (One Way to Two Way) and bids were received and opened by the City Clerk in the Council Chambers on September 8, 1981. Bids received are as follows:

| | |
|---|--------------|
| May-Han Electric, Inc. DBA M & M Electric | \$ 96,618.90 |
| Steiny & Company, Inc. | 119,112.50 |
| S. J. Sarmento Engineering Contractors | 119,603.75 |
| Elk Grove Electric, Inc. | 147,420.75 |

FINANCIAL:

In F.Y. 1979/80 the City Council approved \$150,000 of Gas Tax 2106 funds in the Engineering Department's Budget for the subject project, of which \$113,537.71 is currently available. The estimated construction cost is \$135,140.00.

RECOMMENDATION:

The City Engineer recommends that the low bid of May-Han Electric, Inc. DBA M & M Electric in the amount of \$96,618.90 be accepted.

APPROVED
BY THE CITY COUNCIL

Respectfully submitted,

If awarded the contract, the undersigned shall execute said contract and furnish the necessary bonds within ten (10) days after the notice of award of said contract and begin work within fifteen (15) days after the signing of the contract by the Contractor and the City or Notice to Proceed, whichever is applicable.

In determining the amount bid by each bidder, City shall disregard mathematical errors in addition, subtraction, multiplication and division that appear obvious on the face of the Proposal. When such a mathematical error appears on the face of the Proposal, the City shall have the right to correct such error and to compute the total amount bid by said bidder on the basis of the corrected figure or figures.

When an item price is required to be set forth in the Proposal, and the total for the item set forth separately does not agree with a figure which is derived by multiplying the item price times the Engineer's estimate of the quantity of work to be performed for said item, the item price shall prevail over the sum set forth as the total for the item unless, in the sole discretion of the City, such a procedure would be inconsistent with the policy of the bidding procedure. The total paid for each such item of work shall be based upon the item price and not the total price. Should the Proposal contain only a total price for the item and the item price is omitted, the City shall determine the item price by dividing the total price for the item by Engineer's estimate of the estimated quantities of work to be performed as items of work.

If the Proposal contains neither the item price nor the total price for the item, then it shall be deemed incomplete and the Proposal shall be disregarded.

It is understood that this bid is based upon completion of the work within a period of seventy-five (75) calendar days commencing on the day the Contractor begins work.

The undersigned represents and warrants that the undersigned has examined the location of the proposed work and is familiar with the local conditions at the place where the work is to be done, and the undersigned has reviewed and understands the plans, specifications and other contract documents, and the undersigned is satisfied with all conditions for performance of the work.

The undersigned has checked carefully all of the above figures and understands that the City of Sacramento will not be responsible for any errors or omissions on the part of the undersigned in making up this bid.

The undersigned agrees that this bid shall be good and may not be withdrawn for a period of forty-five (45) calendar days after the scheduled closing time for receiving bids as the same may be extended from time to time.
