RE: **Misplaced bearing tags  
Plan 2**

To Whom It May Concern:

Truss "L" has a bearing tag placed on the bottom chord at joint 12. After reviewing the truss in the field, the bearing tag was incorrectly placed during fabrication.

As placed in the field, truss "L" is placed in the correct location and is bearing at the designed location as shown on the truss calculation. The bearing point for truss "L" is at joint 13.

Please refer to the truss engineering calculations for joint numbering and bearing locations.

If you have any questions, please feel free to contact me.
