

ORDINANCE NO. 2012-011

Adopted by the Sacramento City Council

April 3, 2012

AN ORDINANCE AMENDING SECTIONS 3.56.020, 3.60.020, AND ARTICLE VIII OF CHAPTER 3.60 OF THE SACRAMENTO CITY CODE, RELATING TO THE LOCAL BUSINESS ENTERPRISE PROGRAM

BE IT ENACTED BY THE COUNCIL OF THE CITY OF SACRAMENTO:

SECTION 1.

Section 3.56.020 of the Sacramento City Code is amended to read as follows:

3.56.020 Determination of lowest responsible bidder.

Where any provision of the City Charter or this chapter requires award of the contract for supplies or nonprofessional services to the lowest responsible bidder, the lowest responsible bidder shall be determined as follows:

- A. In determining whether a bidder is responsible, consideration shall be given to: (1) the quality and performance of the supplies to be provided by the bidder; (2) the ability, capacity and skill of the bidder to perform the contract or effectuate the transaction; (3) the ability of the bidder to perform the contract or effectuate the transaction within the time specified, without delay; (4) the character, integrity, reputation, judgment, experience and efficiency of the bidder; (5) the quality of the bidder's performance on previous purchases by, or contracts with, the city; (6) the ability of the bidder to provide future maintenance, repair parts and services for the supplies provided.
- B. Based on the information provided in the bids, the city council or the city manager, as the case may be, shall identify those bids that are subject at the time of bid opening to the city's local sales or use tax under the provisions of Part 1.5 of Division 2 of the California Revenue and Taxation Code and Chapter 3.24 of this code. The lowest responsible bidder shall be determined after the amount of local sales or use tax that would be received by the city is deducted from such bids. This deduction shall be in addition to the application of any bid price preferences authorized by subsection C of this section.
- C. The city council may by resolution, from time to time, adopt programs or procedures for providing bid price preferences, including, but not limited to, preferences to promote the participation and utilization of small and emerging business enterprises, or local business enterprises in the city's contracting for supplies and nonprofessional services. The lowest responsible bidder shall be the responsible bidder whose bid price is the lowest after all bid prices are calculated to include any such preferences. The calculation of such preferences shall be in addition to any deduction of sales or

use tax required by subsection B of this section.

SECTION 2.

Section 3.60.020 of the Sacramento City Code is amended to read as follows:

3.60.020 Determination of lowest responsible bidder.

Where any provision of the city charter or this chapter requires competitive bidding and award of the contract for a public project to the lowest responsible bidder, the lowest responsible bidder shall be determined as follows:

- A. In determining whether a bidder is responsible, consideration shall be given to: (i) the quality of a public project to be provided by the bidder; (ii) the ability, capacity and skill of the bidder to perform the contract; (iii) the ability of the bidder to perform the contract within the time specified, without delay; (iv) the character, integrity, reputation, judgment, experience and efficiency of the bidder; and (v) the quality of the bidder's performance on previous contracts with the city.
- B. The city council may by resolution, from time to time, adopt standard minimum qualifications for bidders on competitively bid contracts for public projects. If such standard minimum qualifications are included in the bid specifications for a contract, no bidder shall be considered "responsible" unless it is determined to be responsible in consideration of the factors set forth in subsection A, above, and also meets such standard minimum qualifications at the time of bid opening. The adoption and use of standard minimum qualifications shall not in any way limit or affect the city's ability to: (i) review information contained in a bid, and additional relevant information, and determine whether the bidder is a responsive and/or responsible bidder; or (ii) establish different and/or additional qualification requirements for specific contracts.
- C. The city council may by resolution, from time to time, adopt programs or procedures for providing bid price preferences, including but not limited to, preferences to promote the participation and utilization of small and emerging business enterprises or local business enterprises in the city's contracting for public projects. The lowest responsible bidder shall be the responsible bidder whose bid is responsive to the bid requirements, including without limitation any small and emerging business enterprise program requirements or local business enterprise program requirements included in the bid specifications, and whose bid price is the lowest, after all bid prices are calculated to include any applicable bid price preferences.

3.60.280 Sheltered market program.

The SBE/EBE program(s), LBE program(s), and their respective administrative procedures authorized by Section 3.60.260 may provide for a sheltered market program that restricts bidding and awards for contracts and agreements that do not exceed the contract approval authority of the city manager under Sections 3.56.080, 3.60.080, and 3.64.030 to one or more of the following: EBEs, SBEs, or LBEs.
