Summary:

The Power Inn Road Maintenance District was established to recover the annual costs
for the maintenance of landscaping in this district. The recommended Council action will
formally initiate the annual proceedings and set a public hearing for June 20, 2006
(Attachment A, page 4).

Committee/Commission Action: None

Background Information:

On July 29, 2003, City Council approved formation of the Power Inn Road Maintenance District. This district provides funding for the maintenance of the landscaped corridor located along the frontage of lots adjacent to Power Inn Road between 14th Avenue and the Regional Transit over-crossing located just south of Folsom Boulevard. The landscaped corridor is designated as the area between the separated sidewalk and the curb and gutter. The recommended Council action is necessary to allow staff to notify the public of the proposed hearing, which has been set for June 20, 2006.

Financial Considerations:

The cost of maintenance of the landscaping adjacent to Power Inn Road will be funded by the district. The total cost for FY 2006/07 is projected at \$9,048 as shown on Exhibit B, page 10, and detailed in the Engineer's Report on file with the City Clerk.

The maintenance district is self-supporting and has no impact on the General Fund.

Environmental Considerations:

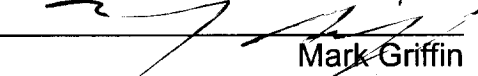

Under California Environmental Quality Act (CEQA) guidelines, annual proceedings of a Special District do not constitute a project, and are therefore exempt from review.

Policy Considerations:

The annual proceedings for this district are being processed as set forth in the Landscaping and Lighting Act of 1972, California Streets and Highways Code sections 22500, et seq. This process is consistent with the City's Strategic Plan 3-Year Goal to "achieve sustainability and enhance livability".

Emerging Small Business Development (ESBD):

City Council approval of these proceedings is not affected by City policy related to the ESBD Program.
