---

David,

Although this might not be too timely, the Natomas Community Association would like to submit our comments about P08-013, Arena Seniors. I hope you will especially note our comment about our attitude toward senior housing in Natomas and why we oppose it in general.

**Comments:**

We really found this impossible to support. Some of our reasons are beyond the influence of the developer and some are not.

Despite the City's parking formulas, the parking is inadequate. People living here would have to have cars because of the lack of public transportation. The site is too congested and lacks adequate ingress/egress. With the uncertain future of Arco Arena, the members of our committee agreed that we couldn't recommend the location to our own mothers so can't recommend it to others.

Big picture-wise, we can't, in good conscience, favor senior housing anywhere in Natomas, at this time, due to a lack of both public transit and medical facilities.
