City Council
Sacramento, California

Honorable Members in Session:

SUBJECT: Folsom Boulevard at Jackson Road Water Main (PN:ZC61) -
Contract Completion

SUMMARY

The work on the Folsom Boulevard at Jackson Road Water Main project was completed on August 1, 1988 at a cost of \$43,507.19 and project acceptance is recommended.

BACKGROUND

Daniel Ontiveros Construction Company of Yuba City has completed Project NO. ZC61, Council Contract No. C087051, dated June 15, 1988. This project provided for construction of a water transmission main on Jackson Road at Folsom Boulevard. Prior to this project the area bounded by Folsom Boulevard on the north, Jackson Road on the south and Florin-Perkins Road on the east was provided water via an eight inch water line feed from a water transmission main that runs parallel to Folsom Boulevard. If the water transmission main had to be put out of service for a period of time, water users in this area would have been without water. It was deemed necessary to provide an additional tie to the City water system with this project.

FINANCIAL

As of August 31, 1988, this project had a balance of \$12,195, from Water Funds (413) which is sufficient to close this contract.

RECOMMENDATION

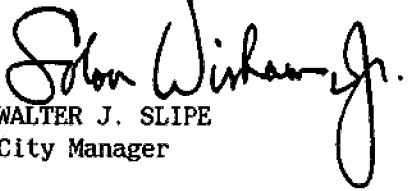

It is recommended that the City Council:

1. Accept the project;
2. Authorize the filing of the Notice of Completion and Acceptance of Work with the County Recorder; and
3. Authorize final payment.

Respectfully submitted,

 THOMAS M. FINLEY
 Engineering Division Manager
