OFFICE OF THE
CITY CLERK

SUMMARY

This report concerns the transfer of \$11,710.00 of Library Grant Money received in the Library's 8633 Revenue Center to Object Account 4630 to purchase additional micro computer equipment.

BACKGROUND

The Library receives money at various times through the year from California Library Services Act funds to support Library automation and data base projects. The amount and timing of these funds is variable and for that reason they are not included in the department's budgeting process. The Library is now ready to purchase and install micro computer equipment which has been approved by the Data Processing Department for use in the Library's Technical Services Division. Although this is a non-budgeted item it has been intended that when the Library reached the stage at which it would use this equipment, it would be purchased through the California Library Services Act money. In order to do this, \$11,710.00 must be transferred from the California Library Services Act money to the Library's 4630 Object Account.

RECOMMENDATION

Approve a resolution authorizing augmentation of Account 1-01-4160-8633-4630 by \$11,710.00 received as a grant from the California State Library through the Library Services Act.

Recommendation Approved:

Respectfully submitted,

Walter J. Slupe, Jr.
